ADDENDUM #2

TOWN OF GREENWICH

REQUEST FOR PROPOSAL #6960 DUE DATE: 3/19/13 AT 3:00 P.M.

GREEN-E CERTIFIED RENEWABLE ENERGY CERTIFICATES

Question: For each of the Town's fiscal years, will RECs from the equivalent Green-E Reporting Year be acceptable? For example, 2013 Reporting Year RECs could be generated over the timeframe of 7/1/12 – 3/31/14. Would this be acceptable for Greenwich's 2013 FY requirement?

Answer: Yes.

Question: What are the Town's preferred payment terms? The most cost effective option will be upfront payment for the three year term, with each option being paid for upon execution.

Answer: The Town will be paying for the RECs on an annual basis and would not be able to pay upfront for the initial three year term.

Question: Will the Town consider all Green-E approved renewable energy project types? These are wind, solar, geothermal, low impact hydro and certain types of biomass.

Answer: The Town will consider all Green-E approved renewable energy project types.

ALL OTHER SPECIFICATIONS, TERMS AND CONDITIONS OF THIS RFB REMAIN UNCHANGED.

Joan T. Sullivan
Director of Purchasing
