SECTION 6 of 6: DEBARMENT CERTIFICATION

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION - - LOWER TIER COVERED TRANSACTIONS

INSTRUCTIONS FOR CERTIFICATION

- 1) By signing and submitting this application, the prospective recipient of Federal assistance funds is providing the certification as set out below.
- 2) The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective recipient of Federal assistance funds knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, UCHC may pursue available remedies, including suspension and/or debarment.
- 3) The prospective recipient of Federal assistance funds shall provide immediate written notice to the person to whom this application is submitted if at any time the prospective recipient of Federal assistance funds learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- 4) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "application," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549.
- 5) The prospective recipient of Federal assistance funds agrees by submitting this application that, should the proposed covered transactions be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by UCHC.
- 6) The prospective recipient of Federal assistance funds further agrees by submitting this application that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- 7) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determined the eligibility of its principals. Each participant may, but is not required, to check the List of Parties Excluded from procurement or Non-Procurement Programs.
- 8) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- 9) Except for transactions authorized under Paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is debarred, suspended, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, UCHC may pursue available remedies including suspension and/or debarment.

Before signing Certification, read all the instructions which are an integral part of the Certification.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

I. Overview of the University of Connecticut Health Center

A. Introduction

The UConn Health Center is a vibrant, integrated academic medical center. In 2011, during a time of promise and growth in its clinical, research and educational realms, the Health Center celebrated the 50th anniversary of its founding.

Based in Farmington, Connecticut – a popular suburb of the state’s capitol of Hartford – the UConn Health Center is home to the School of Medicine, School of Dental Medicine, John Dempsey Hospital, UConn Medical Group, UConn Health Partners, University Dentists and a thriving research enterprise, which now includes the new Cell and Genome Sciences Building.

With approximately 5,000 employees, the UConn Health Center is a major economic driver in the region, generating nearly \$1 billion annually in gross state product. It is closely linked with the University of Connecticut’s main campus in Storrs through multiple, cross-campus academic and administrative projects. In fact, the UConn Health Center represents half of the University: half of its budget; half of its employees and half of its research portfolio.

B. Health Services

The university hospital, John Dempsey Hospital, has 184 beds and provides specialized and routine inpatient and outpatient services for adults. It is widely recognized for its excellence in maternal fetal medicine, cardiology programs, cancer care and orthopedics. In addition, the John Dempsey Hospital is home to the only full service Emergency Department in the Farmington Valley.

In 2010, the Connecticut General Assembly approved historic legislation that paves the way for a major renewal of the John Dempsey Hospital, including both upgrades and renovations to the existing hospital and the construction of a new patient tower. The legislation also creates a series of innovative initiatives with regional hospitals in the area, aimed at addressing a wide range of health issues.

C. Educational Programs

Dedicated to providing broad educational opportunities in the biomedical sciences, the Health Center offers degree programs in medicine (M.D.), dental medicine (D.M.D.), and biomedical sciences (Ph.D.); master's degree programs in public health and dental science (M.P.H, M.D.S.); postdoctoral fellowships; residency

programs providing specialty training for newly graduated physicians and dentists; and continuing education programs for practicing health care professionals. Combined degree programs, such as the M.D./Ph.D., D.M.D./Ph.D., Dental Clinical Specialty/Ph.D. and M.D./M.P.H. are also offered.

The UConn Health Center is the only academic health center in the nation where a medical school was founded concurrently with a dental school. As the schools took shape during the 1960s, their planners took advantage of their simultaneous evolution to forge strong links between them. Most notably, medical and dental students share an essentially common curriculum during the first two years of their four-year degree programs. During this period, they study the basic medical sciences together. This experience provides UConn's dental students with an especially strong foundation in the biomedical sciences that undergird the dental profession. Reflecting its close ties to medicine, the dental school awards its graduates the D.M.D. - doctor of dental medicine.

Each year in Farmington, about 352 students work toward their medical doctor's degree and 178 toward their doctor of medical dentistry degree. Another 339 students pursue graduate degrees. Admission to each school is highly competitive, but both schools offer preferential consideration to qualified Connecticut residents in their admissions policies. In the years since the Health Center graduated its first students in 1972, 1,412 men and women have received their D.M.D. degree; 2,972 their M.D. degree. About 35 percent of School of Medicine graduates are currently practicing in Connecticut and close to 50 percent of School of Dental Medicine graduates are taking care of patients in our state.

Through a variety of residency programs, the School of Medicine provides postgraduate training for more than 600 newly graduated M.D.s each year. These physicians come from all over the country to acquire advanced skills in fields such as the surgical specialties, internal medicine, and more. Some of the residency training occurs on the Health Center's main campus, but much of it takes place in community hospitals in Greater Hartford – thus extending the Health Center's influence far beyond Farmington.

D. Research Programs

Since the Health Center's inception, its administration and faculty have been committed to maintaining high-quality research programs as part of the institution's fabric. This commitment has enabled the Health Center to recruit distinguished researchers with expertise in neuroscience, vascular biology, molecular biology, molecular pharmacology, biochemistry, cell physiology and cancer immunology, among other fields.

Information Technology ICD 10, Meaningful Use Consultants
Request for Proposal UCHC2-39796277

In 2010, the UConn Health Center, for the first time, secured more than \$100 million in support for biomedical research. Recently, the University moved teams of researchers into the new Cell and Genome Sciences Building that houses the stem cell institute as well as innovative cell biology and genetics research, and technology transfer in the areas of stem cell biology, advanced microscopy and imaging, computational biology and genetics. They unite in a cross-disciplinary, collaborative setting to enhance Connecticut's role as a leader in stem cell research and accelerate discoveries that ultimately could lead to therapies treating a broad range of diseases and disorders.

The UConn Health Center is also home to a robust clinical trials program that intersects with many clinical specialists. And all intellectual endeavors are supported by the Lyman Maynard Stowe Library.

E. Our Campus

Construction of the Health Center's main campus began in 1966. The main complex occupies a prominent hilltop near I-84 and the Farmington-West Hartford line. The massive, circular building originally contained about 1.2 million square feet, seven miles of corridors, and 2,000 rooms. Its first major addition, the Andrew J. Canzonetti, M.D. Building, was dedicated in 1994. It added 94,000 square feet next to John Dempsey Hospital. The Health Center's Academic Research Building opened in 1999. The impressive 11-story structure provides 173,647 square feet of state-of-the-art laboratory space.

The Medical Arts and Research Building (MARB), which opened in 2005, added to the campus a four-story, 103,663 square-foot, facility for care and research related to conditions affecting bones, joints and connective tissue. The MARB houses an open MRI, physical therapy and rehabilitation services, as well as, clinical services including orthopaedics, rheumatology and neurosurgery. It also is home to the Farmington Surgery Center, a multispecialty outpatient surgery center.

In 2010, the Cell and Genome Sciences building added another 118,844 square feet to the Health Center's research enterprise. It houses research laboratories, offices, a 100-seat auditorium, cafeteria, and incubator space for businesses eager to commercialize stem cell science.

In all, the UConn Health Center campus in 2011 consists of 37 buildings totaling over 2.1 million square feet

26. UCHC reserves the right to make an award to multiple Suppliers.

27. Proposer has ten days after notice of award to refuse acceptance of the award; at UCHC's sole discretion, after ten days the award may be binding on the proposer. If the proposer refuses acceptance of the award within the ten-day period, the award will be made to the next proposer or proposers whose proposal(s) UCHC deems to be the most advantageous to the State, in accordance with the criteria set forth in the RFP.

28. UCHC reserves the right to correct inaccurate awards. This may include, in extreme circumstances, revoking the award of a contract already made to a proposer and subsequently awarding the contract to another proposer. Such action on the part of UCHC shall not constitute a breach of contract on the part of UCHC since the contract with the initial proposer is deemed to be void and of no effect as if no contract ever existed between UCHC and such proposer.

29. The award will be contingent upon the successful proposer's acceptance of all of the required terms and conditions in UCHC's standard contract and execution of the applicable required State of Connecticut certifications and affidavits. A sample standard contract and samples of the required forms are attached hereto.

30. UCHC's Affirmative Action, Non-Discrimination and Equal Opportunity Policy are set forth in UCHC Policy Number 2002-44. UCHC will not knowingly do business with any bidder, contractor, subcontractor or supplier of materials who discriminates against members of any class protected under Sections 4a-60 or 4a-60a of the Connecticut General Statutes.

Compliance

31. All purchases will be in compliance with any applicable federal laws and the laws of the State of Connecticut. Specifically and without limiting the foregoing, this proposal is subject to the provisions of the following Statutes and Executive Orders:

- a. Connecticut General Statutes Sec. 22a-194. Definition of controlled substance. As used in sections 22a-194a to 22a-194g, inclusive, "controlled substance" means a controlled substance under Annex A, Group 1 of the Montreal Protocol on Substances that Deplete the Ozone Layer, signed September 16, 1987, as may be amended.

Jodi Rell promulgated July 13, 2006 establishes the State Contracting Standards Board to address the state's vulnerabilities in the selection and procurement processes to avoid improprieties, favoritism, unfair practices or ethical lapses in state contracting.

- John Dempsey Hospital Policies and Procedures**
- 32. Proposer will comply with John Dempsey Hospital policies and procedures, as well as all applicable laws, ordinances, rules regulations, standards, and orders of governmental, regulatory and accrediting bodies, including but not limited to the Joint Commission, having jurisdiction in the premises that are applicable to health care organizations and programs.

State Fiscal and Product Performance Requirements

- 33. Any product or services acquisition resulting from this RFP must be contingent upon contractual provisions for cancellation of such acquisition, without penalty, if the applicable funds are not available for required payment or if the product or services fail to meet the minimum State criteria for acceptance or performance reliability.

Validation of Proposals

- 34. Each proposal shall be a binding commitment which UCHC may incorporate, by reference or otherwise, into any contract with that proposer. The proposals must provide the names, titles, addresses and telephone numbers of those individuals with authority to negotiate a contract with UCHC and contractually bind the proposer. The proposal must also include evidence that is has been duly delivered on the part of the proposer, that the persons submitting the proposal have the requisite corporate power and authority to structure, compile, draft, submit and deliver the proposal and subsequently to enter into, execute, deliver and perform on behalf of the proposer any contract contemplated in this RFP.

Oral Agreement or Arrangements

- 35. Any alleged oral agreements or arrangements made by proposers with UCHC employees will be disregarded in any UCHC proposal evaluation or associated award.

Offer of Gratuities/Conflict of Interest

- 36. The proposer warrants, represents, and certifies that no elected or appointed official or employee of the State of Connecticut has or will benefit financially or materially from this procurement. Should the proposer become aware of a potential conflict of interest, UCHC shall be notified immediately. Any contract and/or award arising from this RFP may be terminated by UCHC if it is determined that gratuities of any kind were either offered to, or received by, any of the aforementioned officials or employees from the proposer or the proposer's agent(s), representative(s) or employee(s).

Subletting or Assigning of Contract

37. UCHC must approve any and all subcontractors utilized by the successful proposer prior to any such subcontractor commencing any work. Proposers acknowledge by the act of submitting a proposal that any work to be provided under the contract is work conducted on behalf of UCHC and that the Assistant Director of Procurement or his designee may communicate directly with any subcontractor as UCHC deems to be necessary or appropriate. It is also understood that the successful proposer shall be responsible for all payment of fees charged by the subcontractor(s). A performance evaluation of any subcontractor shall be provided promptly by the successful proposer to UCHC upon request. The successful proposer must provide the majority of services described in the specifications.
38. A contract award or contract resulting from the RFP solicitation may not be assigned by the proposer without the express written permission of UCHC.

Freedom of Information

39. Due regard will be given for the protection of proprietary or confidential information contained in all proposals received. However, proposers should be aware that all materials associated with the procurement are subject to the terms of the Connecticut Freedom of Information Act (FOIA) and all rules, regulations and interpretations resulting there from. It will not be sufficient for proposers to merely state generally that the proposal is proprietary or confidential in nature and not, therefore, subject to release to third parties. Those particular sentences, paragraphs, pages or sections which a proposer believes to be exempt from disclosure under the FOIA must be specifically identified as such. Convincing explanation and rationale sufficient to justify each exemption consistent with Section 1-210 of the FOIA must accompany the proposal. The rationale and explanation must be stated in terms of the prospective harm to the competitive position of the Proposer that would result if the identified material were to be released and the reasons why the materials are legally exempt from release pursuant to the above-cited statute. In no event shall UCHC have any liability for the disclosure of any documents or information in its possession which UCHC believes are required to be disclosed pursuant to FOIA or other requirements of law.

Execution of Contract and Required State of Connecticut Forms

40. This RFP is not a contract and, alone, shall not be interpreted as such. Rather, this RFP serves as the instrument through which proposals are solicited. Once the evaluation of the proposals is complete and a proposer(s) is selected, the elected proposal(s) and this RFP may then serve as the basis for a contract that will be negotiated and executed between UCHC and the selected proposer(s). This RFP and the proposal may be attached to the contract as exhibits. If for some reason, UCHC and the initial proposer selected fail to reach consensus on the issues relative to the contract, UCHC may commence contract negotiations with other proposers. UCHC may decide at any time to start the RFP process again.
41. A sample of UCHC's standard contract and samples of the required State of Connecticut certifications and affidavits are attached to this RFP. By submitting a proposal, the proposer acknowledges that it has read all of the attached documents, and that it understands that the successful proposer(s) will be expected to sign the standard contract and all of the applicable required forms. Refusal to do so may result in the contract being awarded to the next proposer or proposers whose proposal(s) UCHC deems to be the most advantageous to the State, in accordance with the criteria set forth in the RFP.
42. Section 4a-81 of the Connecticut General Statutes (the "Act") requires that this solicitation include a notice of the consulting affidavit requirements described in the Act. Accordingly, pursuant to the Act, Suppliers are notified as follows: (a) No state agency shall execute a contract for the purchase of goods or services, which contract has a total value to the state of fifty thousand dollars or more in any calendar or fiscal year, unless the state agency obtains the written affidavit described in subsection (b) of this section. (b) (1) The chief official of the Supplier awarded a contract described in subsection (a) of this section or the individual awarded such contract who is authorized to execute such contract, shall attest in an affidavit as to whether any consulting agreement has been entered into in connection with such contract. Such affidavit shall be required if any duties of the consultant included communications concerning business of such state agency, whether or not direct contact with a state agency, state or public official or state employee was expected or made. "Consulting agreement" means any written or oral agreement to retain the services, for a fee, of a consultant for the purposes of (A) providing

RFP TERMS AND CONDITIONS

counsel to a contractor, Supplier, consultant or other entity seeking to conduct, or conducting, business with the State, (B) contacting, whether in writing or orally, any executive, judicial, or administrative office of the state, including any department, institution, bureau, board, commission, authority, official or employee for the purpose of solicitation, dispute resolution, introduction or requests for information or (C) any other similar activity related to such contract. "Consulting agreement" does not include any agreements entered into with a consultant who is registered under the provisions of Chapter 10 of the Connecticut General Statutes concerning the State's Codes of Ethics, as of the date such affidavit is submitted. (2) Such affidavit shall be sworn as true to the best knowledge and belief of the person signing the certification on the affidavit and shall be subject to the penalties of false statement. (3) Such affidavit shall include the name of the consultant, the consultant's firm, the basic terms of the consulting agreement, a brief description of the services provided, and an indication as to whether the consultant is a former state employee or public official. If the consultant is a former state employee or public official, such affidavit shall indicate his or her former agency and the date such employment terminated. (4) Such affidavit shall be amended whenever the Supplier awarded the contract enters into any new consulting agreement during the term of the contract. (c) If a Supplier refuses to submit the affidavit required under subsection (b) of this section, then the state agency shall not award the Contract to such Supplier and shall award the contract to the next highest ranked Supplier or the next lowest responsible qualified bidder or seek new bids or proposals.

43. Section 4-252 of the Connecticut General Statutes (the "Statute") requires that the RFP, of which these terms and conditions are a part, include a notice of the Supplier certification requirements described in the Statute. Accordingly, pursuant to the Statute, Suppliers are notified as follows: (a) The terms "gift," "quasi-public agency," "state agency," "large state contract," "principals and key personnel" and "participated substantially" as used in this section shall have the meanings set forth in the Statute. (b) No state agency or quasi-public agency shall execute a large state contract unless the state agency or quasi-public agency obtains the written certifications described in this section. Each such certification shall be sworn as true to the best knowledge and belief of the person signing the certification, subject to the penalties of false statement. (c) The official of the person, firm or corporation awarded the contract, who is authorized to execute the

contract, shall certify on such forms as the State shall provide: (1) That no gifts were made between the date that the state agency or quasi-public agency began planning the project, services, procurement, and lease or licensing arrangement covered by the contract and the date of execution of the contract, by (A) such person, firm, corporation, (B) any principals and key personnel of the person, firm or corporation, who participated substantially in preparing the bid or proposal or the negotiation of the contract, or (C) any agent of such person, firm, corporation or principals and key personnel, who participated substantially in preparing the bid or proposal or the negotiation of the contract, to (i) any public official or state employee of the state agency or quasi-public agency soliciting bids or proposals for the contract, who participated substantially in the preparation of the bid solicitation or request for proposals for the contract or the negotiation or award of the contract, or (ii) any public official or state employee of any other state agency, who has supervisory or appointing authority over such state agency or quasi-public agency; (2) That no such principals and key personnel of the person, firm or corporation, or agent of such person, firm or corporation or principals and key personnel, knows of any action by the person, firm or corporation to circumvent such prohibition on gifts by providing for any other principals and key personnel, official, employee or agent of the person, firm or corporation to provide a gift to any such public official or state employee; and (3) That the person, firm or corporation made the bid or proposal without fraud or collusion with any person. (d) Any bidder or Proposer that does not make the certifications required under subsection (c) of this section shall be disqualified and the state agency or quasi-public agency shall award the contract to the next highest ranked Proposer or the next lowest responsible qualified bidder or seek new bids or proposals. (e) The date that the state agency or quasi-public agency began planning the project, services procurement, lease or licensing arrangement to be covered by the contract is defined as the RFP release date.

44. With regard to a State contract as defined in Public Act 10-1 having a value in a calendar year of \$50,000 or more or a combination or series of such agreements or contracts having a value of \$100,000 or more, the authorized signatory to this submission in response to the State's solicitation expressly acknowledges receipt of RFP-05 Form, which is the State Elections Enforcement Commission's notice advising prospective state contractors of state campaign contribution and

solicitation prohibitions, and will inform its principals of the contents of the notice.

45. Sections 46a-60 and 46a-81c of the Connecticut General Statutes prohibit discrimination in employment based on an individual's race, color, religious creed, age, sex, marital status, civil union status, sexual orientation, national origin, ancestry, present or past history of mental disability, mental retardation, learning disability or physical disability, including, but not limited to, blindness. Sections 4a-60 and 4a-60a of the Connecticut General Statutes require State contractors to adopt policies in support of Connecticut's non-discrimination laws by means of a resolution of the board of directors, shareholders, managers, members or other governing body of such contractor. Attached to this RFP is a sample Non-Discrimination Certification form. The proposer's submission in response to this RFP is an acknowledgment that the successful proposer will be required to execute and return the Non-Discrimination Certification at the time that the contract is executed. The execution and submittal of this Non-Discrimination Certification is a condition precedent to the State's execution of the contract, unless the contractor is exempt from this statutory requirement, in which case the contractor must obtain a written waiver from the State's Commission on Human Rights and Opportunities.

46. The existence of the contract shall be determined in accordance with the requirements set forth above. However, the award of the contract is not an order to ship. Contractors may not begin to perform under the awarded contract until the Contractor and the State have executed the contract and thereafter the Contractor receives a written purchase order from an appropriate State entity.

Payments under a Contract Award

47. Under no circumstances shall the successful proposer begin to perform under the contract prior to the effective date of the contract. All payments shall adhere to the payment terms negotiated in the contract award.

Evaluation of Performance

48. During or after the term of any contract or other agreement that results from this process, UCHC may conduct evaluations of the winning proposer's performance including, but not limited to clinical equipment, supplies and services. The winning proposer may be requested to provide a quality performance metrics and shall cooperate with UCHC in any such evaluations and work with UCHC to correct any deficiencies noted.
