**SECTION 6 of 6: DEBARMENT CERTIFICATION**

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION - - LOWER TIER COVERED TRANSACTIONS**

**INSTRUCTIONS FOR CERTIFICATION**

- 1) By signing and submitting this application, the prospective recipient of Federal assistance funds is providing the certification as set out below.
- 2) The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective recipient of Federal assistance funds knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, UCHC may pursue available remedies, including suspension and/or debarment.
- 3) The prospective recipient of Federal assistance funds shall provide immediate written notice to the person to whom this application is submitted if at any time the prospective recipient of Federal assistance funds learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- 4) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "application," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549.
- 5) The prospective recipient of Federal assistance funds agrees by submitting this application that, should the proposed covered transactions be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by UCHC.
- 6) The prospective recipient of Federal assistance funds further agrees by submitting this application that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- 7) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determined the eligibility of its principals. Each participant may, but is not required, to check the List of Parties Excluded from procurement or Non-Procurement Programs.
- 8) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- 9) Except for transactions authorized under Paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is debarred, suspended, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, UCHC may pursue available remedies including suspension and/or debarment.

**Before signing Certification, read all the instructions which are an integral part of the Certification.**

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),

**Note.** If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

**Definition of a U.S. person.** For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

## I. Overview of the University of Connecticut Health Center

### A. Introduction

The UConn Health Center is a vibrant, integrated academic medical center.

It is at the center of Bioscience Connecticut, a bold plan introduced by Connecticut Governor Dannel P. Malloy and approved by the Connecticut General Assembly in 2011. The plan will strengthen Connecticut's position as a national and global leader for bioscience innovation and improve access to quality health care for Connecticut citizens for generations to come.

Based in Farmington, Connecticut – a popular suburb of the state's capitol of Hartford – the UConn Health Center is home to the School of Medicine, School of Dental Medicine, John Dempsey Hospital, UConn Medical Group, UConn Health Partners, University Dentists and a thriving research enterprise, which now includes the new Cell and Genome Sciences Building.

With approximately 5,000 employees, the UConn Health Center is a major economic driver in the region, generating nearly \$1 billion annually in gross state product. It is closely linked with the University of Connecticut's main campus in Storrs through multiple, cross-campus academic and administrative projects. In fact, the UConn Health Center represents half of the University: half of its budget; half of its employees and half of its research portfolio.

In all, the practice includes more than 450 physicians with expertise in more than 50 specialties.

Through Bioscience Connecticut, a new Ambulatory Care Center will be constructed on the UConn Health Center campus to house existing services and support the work of new faculty that will be joining the UConn Health Center.

### B. Health Services

The university hospital, John Dempsey Hospital, has 224 beds and provides specialized and routine inpatient and outpatient services for adults. It is widely recognized for its excellence in maternal fetal medicine, cardiology programs, cancer care and orthopaedics. In addition, the John Dempsey Hospital is home to the only full service Emergency Department in the Farmington Valley.

Through Bioscience Connecticut, construction will begin in 2013 for a new patient care tower on the Health Center campus, as well as renovations to the existing John Dempsey Hospital. The projects are expected to be completed in 2016 and 2018, respectively.

ACC Digital RAD System  
Request for Proposal 5-2557

### C. Educational Programs

Dedicated to providing broad educational opportunities in the biomedical sciences, the Health Center offers degree programs in medicine (M.D.), dental medicine (D.M.D.), and biomedical sciences (Ph.D.); master's degree programs in public health and dental science (M.P.H, M.D.S.); postdoctoral fellowships; residency programs providing specialty training for newly graduated physicians and dentists; and continuing education programs for practicing health care professionals. Combined degree programs, such as the M.D./Ph.D., D.M.D./Ph.D., Dental Clinical Specialty/Ph.D. and M.D./M.P.H. are also offered.

The UConn Health Center is the only academic health center in the nation where a medical school was founded concurrently with a dental school. As the schools took shape during the 1960s, their planners took advantage of their simultaneous evolution to forge strong links between them. Most notably, medical and dental students share an essentially common curriculum during the first two years of their four-year degree programs. During this period they study the basic medical sciences together. This experience provides UConn's dental students with an especially strong foundation in the biomedical sciences that undergird the dental profession. Reflecting its close ties to medicine, the dental school awards its graduates the D.M.D. - doctor of dental medicine.

Each year in Farmington, about 352 students work toward their medical doctor's degree and 178 toward their doctor of medical dentistry degree. Another 339 students pursue graduate degrees. Admission to each school is highly competitive, but both schools offer preferential consideration to qualified Connecticut residents in their admissions policies. In the years since the Health Center graduated its first students in 1972, 1,412 men and women have received their D.M.D. degree; 2,972 their M.D. degree. About 35 percent of School of Medicine graduates are currently practicing in Connecticut and close to 50 percent of School of Dental Medicine graduates are taking care of patients in our state.

Through a variety of residency programs, the School of Medicine provides postgraduate training for more than 600 newly graduated M.D.s each year. These physicians come from all over the country to acquire advanced skills in fields such as the surgical specialties, internal medicine, and more. Some of the residency training occurs on the Health Center's main campus, but much of it takes place in community hospitals in Greater Hartford – thus extending the Health Center's influence far beyond Farmington.

### D. Research Programs

Since the Health Center's inception, its administration and faculty have been committed to maintaining high-quality research programs as part of the institution's

Rev. 8/2013

ACC Digital RAD System  
Request for Proposal 5-2557

fabric. This commitment has enabled the Health Center to recruit distinguished researchers with expertise in neuroscience, vascular biology, molecular biology, molecular pharmacology, biochemistry, cell physiology and cancer immunology, among other fields.

Through Bioscience Connecticut, the original research building on the UConn Health Center campus will be renovated and modernized. New space for start-up bioscience businesses will be added to the new Cell and Genome Sciences Building.

In addition, Bioscience Connecticut is bringing about a new collaboration between the state, UConn, UConn Health Center, Yale University, and the prestigious Jackson Laboratory. The project will enable Connecticut to assume a position of global leadership in genomics and personalized medicine by developing new medical treatments tailored to each patient's unique genetic makeup. The Jackson project will be housed in a new building under construction on the UConn Health Center campus.

These developments follow the addition in 2010 of the University's Cell and Genome Sciences Building that houses the Stem Cell Institute as well as cutting edge cell biology and genetics research, and technology transfer in the areas of stem cell biology, advanced microscopy and imaging, computational biology, and genetics. They unite in a cross-disciplinary, collaborative setting to enhance Connecticut's role as a leader in stem cell research and accelerate discoveries that ultimately could lead to therapies treating a broad range of diseases and disorders.

The UConn Health Center is also home to a robust clinical trials program that intersects with many clinical specialists. And all intellectual endeavors are supported by the Lyman Maynard Stowe Library.

#### E. Our Campus

Construction of the Health Center's main campus began in 1966. The main complex occupies a prominent hilltop near I-84 and the Farmington-West Hartford line. The massive, circular building originally contained about 1.2 million square feet, seven miles of corridors, and 2,000 rooms. Its first major addition, the Andrew J. Canzonetti, M.D. Building, was dedicated in 1994. It added 94,000 square feet next to John Dempsey Hospital. The Health Center's Academic Research Building opened in 1999. The impressive 11-story structure provides 173,647 square feet of state-of-the-art laboratory space.

The Medical Arts and Research Building (MARB), which opened in 2005, added to the campus a four-story, 103,663 square-foot, facility for care and research related to conditions affecting bones, joints and connective tissue. The MARB houses an

ACC Digital RAD System  
Request for Proposal 5-2557

open MRI, physical therapy and rehabilitation services, as well as, clinical services including orthopaedics, rheumatology and neurosurgery. It also is home to the Farmington Surgery Center, a multispecialty outpatient surgery center.

In 2010, the Cell and Genome Sciences building added another 118,844 square feet to the Health Center's research enterprise. It houses research laboratories, offices, a 100-seat auditorium, cafeteria, and incubator space for businesses eager to commercialize stem cell science.

In all, the UConn Health Center campus in 2011 consists of 37 buildings totaling over 2.1 million square feet.

By 2018, Bioscience Connecticut will have transformed the UConn Health Center campus through the construction of a new patient care tower; renovations to the original research building, including a significant increase in incubator space; the construction of an outpatient patient care building; and renovations to the existing John Dempsey Hospital.

To ensure a fair, open, and competitive process, UCHC will not disclose the funding available for this RFP.

Under this Request for Proposal (RFP), UCHC expects to award one resultant contract for the ACC Digital RAD System project.

VI. Contract

(Revised 09/17/07)

The contract to be awarded is subject to contract compliance requirements mandated by Sections 4a-60 and 4a-60a of the Connecticut General Statutes; and, when the awarding agency is the State, Sections 46a-71(d) and 46a-81i(d) of the Connecticut General Statutes. There are Contract Compliance Regulations codified at Section 46a-68j-21 through 43 of the Regulations of Connecticut State Agencies, which establish a procedure for awarding all contracts covered by Sections 4a-60 and 46a-71(d) of the Connecticut General Statutes.

According to Section 46a-68j-30(9) of the Contract Compliance Regulations, every agency awarding a contract subject to the contract compliance requirements has an obligation to “aggressively solicit the participation of legitimate minority business enterprises as bidders, contractors, subcontractors and suppliers of materials.” “Minority business enterprise” is defined in Section 4a-60 of the Connecticut General Statutes as a business wherein fifty-one percent or more of the capital stock, or assets belong to a person or persons: “(1) Who are active in daily affairs of the enterprise; (2) who have the power to direct the management and policies of the enterprise; and (3) who are members of a minority, as such term is defined in subsection (a) of Section 32-9n.” “Minority” groups are defined in Section 32-9n of the Connecticut General Statutes as “(1) Black Americans . . . (2) Hispanic Americans . . . (3) persons who have origins in the Iberian Peninsula . . . (4) Women . . . (5) Asian Pacific Americans and Pacific Islanders; (6) American Indians . . .” An individual with a disability is also a minority business enterprise as provided by Section 4a-60g of the Connecticut General Statutes. The above definitions apply to the contract compliance requirements by virtue of Section 46a-68j-21(11) of the Contract Compliance Regulations.

The awarding agency will consider the following factors when reviewing the bidder’s qualifications under the contract compliance requirements:

- (a) the bidder’s success in implementing an affirmative action plan;
- (b) the bidder’s success in developing an apprenticeship program complying with Sections 46a-68-1 to 46a-68-17 of the Administrative Regulations of Connecticut State Agencies, inclusive;
- (c) the bidder’s promise to develop and implement a successful affirmative action plan;
- (d) the bidder’s submission of employment statistics contained in the “Employment Information Form”, indicating that the composition of its workforce is at or near parity when compared to the racial and sexual composition of the workforce in the relevant labor market area; and
- (e) the bidder’s promise to set aside a portion of the contract for legitimate minority business enterprises. See Section 46a-68j-30(10)(E) of the Contract Compliance Regulations.

**INSTRUCTIONS AND OTHER INFORMATION**

The following BIDDER CONTRACT COMPLIANCE MONITORING REPORT must be completed in full, signed, and submitted with the bid for this contract. The contract awarding agency and the Commission on Human Rights and Opportunities will use the information contained thereon to determine the bidders compliance to Sections 4a-60 and 4a-60a CONN. GEN. STAT., and Sections 46a-68j-23 of the Regulations of Connecticut State Agencies regarding equal employment opportunity, and the bidder’s good faith efforts to include minority business enterprises as subcontractors and suppliers for the work of the contract.

Proposers acknowledge by the act of submitting a proposal that any work to be provided under the contract is work conducted on behalf of UCHC and that the Assistant Director of Procurement or his designee may communicate directly with any subcontractor as UCHC deems to be necessary or appropriate. It is also understood that the successful proposer shall be responsible for all payment of fees charged by the subcontractor(s). A performance evaluation of any subcontractor shall be provided promptly by the successful proposer to UCHC upon request. The successful proposer must provide the majority of services described in the specifications.
38. A contract award or contract resulting from the RFP solicitation may not be assigned by the proposer without the express written permission of UCHC.

**Freedom of Information**

39. Due regard will be given for the protection of proprietary or confidential information contained in all proposals received. However, proposers should be aware that all materials associated with the procurement are subject to the terms of the Connecticut Freedom of Information Act (FOIA) and all rules, regulations and interpretations resulting there from. It will not be sufficient for proposers to merely state generally that the proposal is proprietary or confidential in nature and not, therefore, subject to release to third parties. Those particular sentences, paragraphs, pages or sections which a proposer believes to be exempt from disclosure under the FOIA must be specifically identified as such. Convincing explanation and rationale sufficient to justify each exemption consistent with Section 1-210 of the FOIA must accompany the proposal. The rationale and explanation must be stated in terms of the prospective harm to the competitive position of the Proposer that would result if the identified material were to be released and the reasons why the materials are legally exempt from release pursuant to the above-cited statute. In no event shall UCHC have any liability for the disclosure of any documents or information in its possession which UCHC believes are required to be disclosed pursuant to FOIA or other requirements of law.

**Execution of Contract and Required State of Connecticut Forms**

40. This RFP is not a contract and, alone, shall not be interpreted as such. Rather, this RFP serves as the instrument through which proposals are solicited. Once the evaluation of the proposals is complete and a proposer(s) is selected, the elected proposal(s) and this RFP may then serve as the basis for a contract that will be negotiated and executed between UCHC and the selected proposer(s). This RFP and the proposal may be attached to the contract as exhibits. If for some reason, UCHC and the initial proposer selected fail to reach consensus on the issues relative to the contract, UCHC may commence contract negotiations with other proposers. UCHC may decide at any time to start the RFP process again.
41. A sample of UCHC's standard contract and samples of the required State of Connecticut certifications and affidavits are attached to this RFP. By submitting a proposal, the proposer acknowledges that it has read all of the attached documents, and that it understands that the successful proposer(s) will be expected to sign the standard contract and all of the applicable required forms. Refusal to do so may result in the contract being awarded to the next proposer or proposers whose proposal(s) UCHC deems to be the most advantageous to the State, in accordance with the criteria set forth in the RFP.
42. Section 4a-81 of the Connecticut General Statutes (the "Act") requires that this solicitation include a notice of the consulting affidavit requirements described in the Act. (4) Such affidavit shall be amended whenever the Supplier awarded the contract enters into any new consulting agreement during the term of the contract. 43. Section 4-252 of the Connecticut General Statutes (the "Statute") requires that the RFP, of which these terms and conditions are a part, include a notice of the Supplier certification requirements described in the Statute. Accordingly, pursuant to the Statute, Suppliers are notified as follows: (a) The terms "gift," "quasi-public agency," "state agency," "large state contract," "principals and key personnel" and "participated substantially" as used in this section shall have the meanings set forth in the Statute. (b) No state agency or quasi-public agency shall execute a large state contract unless the state agency or quasi-public agency obtains the written certifications described in this section. Each such certification shall be sworn as true to the best knowledge and belief of the person signing the certification, subject to the penalties of false statement. (c) The official of the person, firm or corporation awarded the contract, who is authorized to execute the contract, shall certify on such forms as the State shall provide: (1) That no gifts were made between the date that the state agency or quasi-public agency began planning the project, services, procurement, and lease

(d) Any bidder or Proposer that does not make the certifications required under subsection (c) of this section shall be disqualified and the state agency or quasi-public agency shall award the contract to the next highest ranked Proposer or the next lowest responsible qualified bidder or seek new bids or proposals. (e) The date that the state agency or quasi-public agency began planning the project, services procurement, lease or licensing arrangement to be covered by the contract is defined as the RFP release date.

age, sex, marital status, civil union status, sexual orientation, national origin, ancestry, present or past history of mental disability, mental retardation, learning disability or physical disability, including, but not limited to, blindness. Sections 4a-60 and 4a-60a of the Connecticut General Statutes require State contractors to adopt policies in support of Connecticut's non-discrimination laws by means of a resolution of the board of directors, shareholders, managers, members or other governing body of such contractor. Attached to this RFP is a sample Non-Discrimination Certification form. The proposer's submission in response to this RFP is an acknowledgment that the successful proposer will be required to execute and return the Non-Discrimination Certification at the time that the contract is executed. The execution and submittal of this Non-Discrimination Certification is a condition precedent to the State's execution of the contract, unless the contractor is exempt from this statutory requirement, in which case the contractor must obtain a written waiver from the State's Commission on Human Rights and Opportunities.

46. The existence of the contract shall be determined in accordance with the requirements set forth above. However, the award of the contract is not an order to

ship. Contractors may not begin to perform under the awarded contract until the Contractor and the State have executed the contract and thereafter the Contractor receives a written purchase order from an appropriate State entity.

**Payments under a Contract Award**

47. Under no circumstances shall the successful proposer begin to perform under the contract prior to the effective date of the contract. All payments shall adhere to the payment terms negotiated in the contract award.

**Evaluation of Performance**

48. During or after the term of any contract or other agreement that results from this process, UCHC may conduct evaluations of the winning proposer's performance including, but not limited to clinical equipment, supplies and services.
