Addenda Number	#3	

OWNERS REPRESENTATIVE FOR CONSTRUCTION OF MINOR LEAGUE BASEBALL STADIUM		
RFR NUMBER	5548	
DUE DATE	2:00 PM	JULY 11, 2014

This Addendum is a contract document modifying previously issued documents, which remain in full force except as specifically modified below.

SBS would like to confirm that the Minority Business Utilization requirements outlined in Section 3.22 are not applicable to the services of Owner's Representative Services as we will not be providing construction/infrastructure services.

The City of Hartford encourages Minority participation in all its projects however Section 3.22 is only applicable when checked off on the Invitation to Respond.

In addition, the required Response Forms, Section 1.4 Subcontractor Utilization appears to be repeated multiple times. Please confirm that we only need to completed this section once.

For this particular project Section 1.4 is not a requirement

The RFR identifies a project manager (2.5 - Bidding) in addition to the Owner's Representative. Is this a City person?

The project manager will be the responsibility of the Owners Representative.

All remaining specifications, terms and conditions remain the same.
