

**THE UNIVERSITY OF CONNECTICUT**

**PROPOSAL CLARIFICATION #1**

**August 27, 2015**

<b><u>DUE DATE:</u></b>	<b>September 8, 2015</b>
<b><u>TIME:</u></b>	<b>2:00 PM</b>
<b><u>PROJECT:</u></b>	<b>Class "A" Fire Service Pumper/Rescue Style Engine</b>
<b><u>PROJECT NO:</u></b>	<b>LM081015-1</b>
<b><u>LOCATION:</u></b>	<b>University of Connecticut Capital Projects &amp; Contract Administration 3 North Hillside Road Storrs, CT 06269-6047 Attn: Lisa Mieszkowicz</b>

**Please note the following clarification:**

- **The proposal due date has been extended to September 8, 2015.**
- **Refer to the enclosed RFI Log**

**End of Proposal Clarification #1**

## Class A Fire Service Pumper/Rescue Engine

### RFI Log - Project #LM081015-1

RFI No.	<u>Question</u>	<u>Response</u>
1	Are bonds going to be required on the pumper?	No.
2	It asks for 6 seating positions how many are SCBA seats?	Five SCBA seats with the Smartdock bracket.
3	Front bumper - 15" is this the height or the bumper extension?	15" will be the maximum extension.
4	Rear pull out step - what is the intended purpose of this step?	For the ease of packing hose or deploying preconnected lines due to a short as possible tailboard .
5	Clarify electrical outlets - 2 of each or 2 in each compartment?	Referring to the "generator" there would be two of each, a 240 volt outlet and a 120 volt outlet. These would be mounted in "one" apparatus body compartment on the left and right sides of the vehicle. Location to be determined from an engineered drawing at prebuild conference. There would not be multiple outlets in every compartment.
6	Rear discharges - locate in hose bed or on rear panel?	The rear discharges should be piped from the hose bed as to keep all preconnected lines covered.
7	Number of rear discharges 2 or 3?	The 2 1/2" was accidentally doubled on the RFP. There should be two preconnects. One for 250' of 2 1/2" with a pistol grip nozzle and one for 250' of 3" with a Elkhart RAM. The RAM should have the ability to be stored in the hosebed and not on the back panel.
8	Front bumper - painted job color or chebroned?	The front bumper will be job color.
