## RFP 2016-005 Dell Equipment Addendum 1

### Questions/Clarifications:

1. Can we submit an offer with Lenovo solutions?

Dell is preferred. Lenovo solutions might be considered but documentation must be provided showing in detail that the equipment provides equal or better specifications, performance, warranty, and MTTF benchmarks. The style and user experience of end user devices must also be extremely similar and demo units may be required to be provided.

2. Is this a brand specific bid or can we offer a comparable option?

Dell is preferred. Comparable solutions might be considered but documentation must be provided showing in detail that the equipment provides equal or better specifications, performance, warranty, and MTTF benchmarks. The style and user experience of end user devices must also be extremely similar and demo units may be required to be provided.

3. Is hardware service required?

As specified per item, yes. 7 year NBD Onsite for R730's, 5 year NBD Onsite for R530, 3 year NBD onsite for Chromebooks, and 3 year mail in service for Chromeboxes.

4. We would like to know what is the actual requirement as requested?

**ITEM 4 and 7 are again same – Dell Mobile Computing Cart Unmanaged – QTY 4 ?**
