DELL EQUIPMENT

January 2016

RFP 2016-005 Dell Equipment Addendum 2

Clarifications:

1. The SSD Drives do not have to be Dell branded; they should be Enterprise Class, not consumer grade. We will accept other brands. We realize the sizes available aren't exactly 1TB and 2TB. Sizes to be at least 1TB and at least 2TB.
2. Please include your specification(s) for IOPS and other key metrics such as MTTF (mean time to failure).
3. **Revised Cost Proposal page to follow; submit your bid on the revised page.**
