**ADDENDUM #1**  
**BID #2017-25**  
**Seasonal Food & Beverage Concessions**  
**Jennings Beach / Lake Mohegan**

23<sup>rd</sup> September, 2016

---

Cleaning of grease interceptors (grease traps) shall be part of the contract for both concession locations.

Scope of Services / Grease Interceptors

1. Bail out any water in the trap. The water may be discharged into the sanitary sewer system.
2. Remove the baffles (if possible).
3. Dip the accumulated grease out of the interceptor and deposit in a watertight container.
4. Scrape the sides, lid and baffles with a putty knife to remove as much of the grease as possible, and deposit in a watertight container.
5. Contact a licensed hauler or recycler for grease pick up and place solids in trash for pick up while ensuring proper disposal of all waste per all federal, state and local regulations.
6. Replace the baffle and the lid.
7. Record the date, employee name and volume of grease removed on the record keeping log.
