ADDENDUM #3 – JULY 10, 2018

TOWN OF SIMSBURY REQUEST FOR QUALIFICATIONS PUBLIC SAFETY RADIO SYSTEM ANALYSIS

Below are responses to the final set of questions we received. Responses are in bold font.

Question: In Section #3 – Background and Existing Environment under Simsbury Board of Education (BOE), there is a reference to 2 ½ desktop units. Could you better define this?

Response: **There are 2.5 Motorola desktop radios located at the bus company for the Board of Education. One of the desk top units is shared by two users and split to two desks.**

Question: What is the means of connectivity between various control points or dispatch positions?

Response: **There are 3 (50) pair wiring which connects the public safety communications at the Police Department to the Central School tower. From there the connectivity is done through the microwave system to the three tower locations.**
