

TOWN OF SALISBURY, CONNECTICUT
WATER POLLUTION CONTROL AUTHORITY

ADVERTISEMENT FOR BIDS

Sealed Bids for the construction of the “Town of Salisbury CT Water Pollution Control Facility Phosphorus Removal Upgrades, Contract No. 1” will be received by the Salisbury Water Pollution Control Authority, Town Hall, 27 Main Street, Salisbury, CT 06068 until 10:00 a.m. local time on November 7, 2018 at which time the Bids received will be publicly opened and read. Sealed Bids must have outer envelope marked as “Town of Salisbury CT Water Pollution Control Facility Phosphorus Removal Upgrades, Contract No. 1.”

The work consists of upgrades to the existing Water Pollution Control Facility (WPCF), including installation of a chemical feed system and equipment improvements. The work includes, but is not limited to, concrete and masonry building modifications, piping work, mechanical equipment installation, instrumentation work, miscellaneous metals, painting, plumbing, HVAC, fire protection, and electrical work. The Phosphorus Removal Upgrades must be constructed while the existing WPCF remains fully operational and in compliance with the Town’s NPDES permit. Bids shall be on a lump sum basis, with alternate bid items as indicated in the Bid Form.

Any contract or contracts awarded under this invitation for bids are expected to be funded in part by the United States Department of Agriculture, Rural Development. Section 00800 contains the funding program construction contract requirements, all of which shall be applicable.

Bidding Documents may be obtained electronically from the Tighe & Bond website at: http://www.tighebond.com/Projects_Out_to_Bid.php Prospective bidders must complete a one-time registration process on the web site in order to receive log-in credentials. Bidders must log in to the web site to download bidding documents for the project. Bidders will be added to the “planholders” or prospective bidders list upon downloading the bidding documents for the project. Bidding documents may also be examined at the office of Tighe & Bond, 213 Court Street Suite 1100, Middletown, CT 06457 between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday, legal holidays excluded.

A bid deposit shall be furnished in accordance with the Instructions to Bidders.

The time period for holding Bids, where Federal approval is required, is 30 days, Saturdays, Sundays and holidays excluded, after Federal approval.

Section 746 of Title VII of the Consolidated Appropriations Act of 2017 (Division A - Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2017) and subsequent statutes mandating domestic preference applies an American Iron and Steel requirement to this project. All listed iron and steel products used in this project must be produced in the United States. The term “iron and steel products” means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and construction materials. The de minimis and minor components waiver apply to this contract. Section 00800 contains further information on applicable iron and steel products and compliance.

An optional pre-Bid conference will be held at the Salisbury Water Pollution Control Facility, 50 Walton Street Extended, Salisbury, CT on October 17, 2018 at 10:00 a.m.
