## INVITATION TO BID – ADDENDUM #1

### COVE PARK BOAT RAMP

#2019-07

February 15, 2019

Prospective Bidders and all concerned are hereby informed that the following clarifications are made to and become part of the Bid documents:

**Question 1.** Are there prescribed bid forms for the bonds? Can we use the AIA forms?

**Answer 1.** There are no prescribed bid forms for the bid. Bidders may use AIA forms.

**Question 2.** Our company has no employees and our three owners would be doing the work. Would prevailing wages apply?

**Answer 2.** Prevailing wages would still apply and the owners would have to be listed on the certified payroll.

**Question 3.** I am inquiring if the general contractor (GC) needs to have a DAS certification or if we are able to sub/vendor out to a company with the DAS certification to fulfill the requirement?

**Answer 3.** The GC is not required to have a DAS certificate. The GC is required to submit an Affirmative Action Plan to substantiate their good faith efforts.

**The deadline for bid submissions is February 19, 2019 at 2:00 p.m. local time.**
