- All phases of exterior athletic facilities planning and design, including retaining and managing all related design sub-consultants (civil, survey, geotechnical, electrical, etc).

- Bidding and construction phase support services.
- The Required Services section of this RFP is intentionally non-prescriptive, as EHPS is looking for designers to propose a design concept for the project area that they feel makes best use of the project budget (estimated at \$500,000). Firms must submit with their RFP a scope document which states what services they are including (or excluding) in their submitted pricing, since the extent of services will differ depending on the design concept submitted.

Contractors must provide the following in their responses to this RFP:

1. General information and company history.
2. **A full color graphical rendering/design concept for the project area.**
3. Provide a project summary and photographs for at least (3) exterior athletic facilities designed by the firm in the within the last 5 years. Please include total construction cost for each project if available. Provide a reference (Name, Organization, Phone Number) for each.
4. Explain how your proposed design will meet the needs and goals of EHPS.
5. Pricing submitted using “Appendix A- Pricing”. **This form must be accompanied by a scope document which clearly states what services are included in each phase for which pricing is provided.**

Other Considerations

- **Contractor must maintain principal place of business within 90 miles of the East Hartford Public Schools Department of Facilities Building at 734 Tolland Street, East Hartford, CT.**
- The project is being funded utilizing a grant provided by the CT Department of Energy and Environmental Protection. The estimated total project budget is \$500,000. The construction phase of the project will be subject to prevailing wages and State required Set-asides and CHRO requirements.
- Designer shall be knowledgeable of appropriate codes and standards pertaining to all areas of project work. The project will comply with the intent of the Americans with Disabilities Act (handicapped accessibility) and be of a nature that will minimize maintenance and ensure public safety. Permits shall be obtained as required by the East Hartford Building Department and/or East Hartford Planning and Zoning commission.
- Work is to be performed on “Standard time,” defined as 7AM-5PM, Monday through Friday. No “Premium time” work is expected
- East Hartford Public Schools are exempt from Connecticut Sales Tax. Do not include sales tax in any pricing submitted.

Selection Process

Firm(s) will be selected based on overall quality of the firm’s RFP response and proposed design renderings, relevance of experience and presentation quality of past projects, strength of references, and pricing. **Firms have creative liberty in this process to provide a conceptual design that provides EHPS what they feel is the best use of the project budget.** The Department of Facilities may select firms to attend in-person interviews to determine the best fit between the firm and the needs of the East Hartford Public Schools.
