

**Newtown Board of Education
Hawley Elementary School – Indoor Air Quality Improvements**

ADDENDUM #1

The original RFP for the above mentioned project stated that there was a 100% performance bond due from the awarded Architect/Engineering firm. This aspect of the RFP has been removed and there is NOT an expectation of a performance bond.

The note in the “Sealed Bid Request” form included in the RFP stating “Pricing for each phase should include all bonding and soft costs” will now only include any soft costs to be included in pricing.

Any questions or clarifications can be directed to Rick Spreyer, Purchasing Agent at either 203-270-6131, or by email at rick.spreyer@newtown-ct.gov
