In the event of any ambiguities or inconsistencies between the information in this document and the Verizon Wireless NVLPT (f/k/a WSCA) Pricing Sheets and NVLPT									
**Non-recurring Verizon Wireless fees									
The following fees do not recur monthly and are only charged to a Verizon Wireless subscriber when applicable:									
<ul style="list-style-type: none"> • Bill Reprint - \$5.00 • Insufficient Funds Check - \$25.00 • Late Payment Fee - 1.0%, whichever is greater 									
Note: Some of these fees may be waived for certain customers, subject to eligibility.									
Other Fees									
In certain circumstances additional charges may apply. For example:									
<ul style="list-style-type: none"> • While Verizon does not charge customers for standard wireless equipment delivery terms, there may be charges associated with rush orders or 									
Prices listed do not include state and local sales tax and other applicable taxes and regulatory fees, charges or pass-through assessments, which are subject to change without									
Network Fleet									
Customizable Update Rates (CUR). Authorized registered user may change a device update rate through the Self Service Portal (SSP) to 60 seconds at no additional cost. Please note, if a device update rate is changed to a 45 (CUR45), 30 (CUR30), or 15 (CUR15) second update rate, an additional charge per device would apply per the contract list price for the selected rate.

Notes: Current coverage details can be found at www.verizonwireless.com. See attached Calling Plan and Feature Details for important information about calling plans, features and options. ¹The \$35.99 Add-a-Line plan can only be 50% of an accounts total share lines. The \$35.99 Add-A-Line plan shares with the State of Connecticut Nationwide for Government 400, 600 and 1000 minute plans.

*Should 5 GB of data usage be reached in any given billing cycle on any line, Verizon Wireless will limit the data throughput speeds for all additional usage for the remainder of the then-current bill cycle for the line that exceeds the data usage.

Unlimited Plan for Smartphones - Government

Monthly Access Fee	\$70.00 (99719)
Monthly Anytime Minutes – Domestic, Canada and Mexico	Unlimited
Domestic Data and Messaging Allowance*	Unlimited
Canada & Mexico Data and Messaging Allowance**	Unlimited
Mobile Hotspot^	Included
Domestic, Canada and Mexico Long Distance Toll Free^^	Included
International Messaging Allowance^^^	Unlimited

Notes: Coverage area includes the Verizon Wireless 4G network; and the 3G and Extended partner networks, while available. Data speeds are not guaranteed while on Extended or roaming partner networks. Only a 4G LTE GSM/UMTS global-capable smartphone can be activated on this plan. No domestic roaming or long distance charges.

*After 25 GB of data usage on a line during any billing cycle usage may be prioritized behind other customers in the event of network congestion. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at up to 480p.

**For data usage in Canada and Mexico, after the first 512 MB of usage in a day, throughput speeds will be reduced for the remainder of the day.

^Mobile Hotspot is available on all capable devices and allows the line to share data allowance with multiple Wi-Fi enabled devices. If 15 GB of Mobile Hotspot data usage is exceeded on any line in any given billing cycle, Verizon Wireless will limit the data throughput speeds for additional usage for the remainder of the then-current billing cycle for the line that exceeds the data usage.

^^Toll free calling from the US to Canada and Mexico, from Mexico to the US and Canada, and from Canada to the US and Mexico.

^^^Unlimited Messaging from within the United States to anywhere in the world where messaging services are available. For other messaging rates go to www.verizonwireless.com.

Custom 4G Verizon Unlimited Smartphone Plan for Public Sector

Corporate Liable Subscribers Only

This plan is eligible for monthly access fee discounts.

Only 4G LTE GSM/UMTS global-capable smartphones can be activated on this plan.

Monthly Access Fee	\$65.00 \$50.05
Monthly Minutes in U.S	Unlimited
Domestic Data Allowance	Unlimited ⁽¹⁾
Domestic Mobile Hotspot	Unlimited ⁽²⁾
Domestic and International Messaging Allowance	Unlimited ⁽³⁾

Notes: Current coverage details can be found at www.verizonwireless.com. No domestic roaming or long distance charges. Coverage includes the Verizon Wireless 4G network; and the 3G and 3G Extended networks, while available.

(1) In the event of network congestion, after 10GB of data usage on a line during any billing cycle, usage on such line may result in slightly slower download speeds relative to another user. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at 480p.

(2) Mobile Hotspot is available on all capable devices and allows Corporate Subscribers to use their device and share data allowance with multiple Wi-Fi enabled devices. If 10GB of Mobile Hotspot data usage is exceeded on any line in any given billing cycle, Verizon Wireless will limit the data throughput speeds for additional usage for the remainder of the then-current billing cycle for the line that exceeds the data usage.

(3) Unlimited Messaging from within the United States to anywhere in the world where messaging services are available. For other messaging rates go to www.verizonwireless.com.

Optional Features

Unlimited Domestic Push To Talk Plus	\$2.00 (Smartphone- 81129 / 81174)
--------------------------------------	------------------------------------

Notes: Requires a 4G Global capable smartphone. Current coverage details can be found at www.verizonwireless.com. See attached Calling Plan and Feature Details for important information about calling plans, features and options.

The domestic data allowance applies in the United States.

†The international travel data allowance applies in Canada, Mexico, and the rest of the world where coverage is available. To see supported countries and rates for services such as voice and messaging, go to verizonwireless.com/international. Verizon Wireless will terminate a line of service if more than half of the usage over three consecutive billing cycles is outside of the United States.

1 Domestic Data Allowance: Should a customer exceed 5 GB of data usage within a given bill cycle on any line, Verizon Wireless will limit data throughput speeds for all additional usage on that line for the remainder of that bill cycle.

2 International Data Allowance: If 500 MB of data usage is exceeded on any line in any given billing cycle, Verizon Wireless will limit the data throughput speeds for additional usage for the remainder of the then-current billing cycle for the line that exceeds the data usage.

Account Share - Voice Sharing (Domestic Only): At the end of each bill cycle, any unused voice allowances for lines sharing on the same account will be applied to the overages of the other lines on the same account beginning with the line with the highest overage need.

Profile Share - Voice Sharing (Domestic Only): At the end of each bill cycle, any unused voice allowances for lines sharing across multiple accounts will be applied proportionally to all lines with overages.

Domestic Per Minute Rate ²	\$0.25 per minute	
Domestic Long Distance	Included	

Notes: Current coverage details can be found at www.verizonwireless.com. See attached Calling Plan and Feature Details for important information about calling plans, features and options. 4G and 3G Mobile Broadband coverage details can be found at www.verizonwireless.com. 4G service requires 4G equipment and 4G coverage. ²Per Minute Rate applies to voice calls and other non-NationalAccess data usage in the United States.

*Should 5 GB of data usage be reached in any given billing cycle on any line, Verizon Wireless will limit the data throughput speeds for all additional usage for the remainder of the then-current bill cycle for the line that exceeds the data usage.

Custom Flat Rate Mobile Broadband - Government

Government Subscribers Only

This plan is not eligible for monthly access fee discounts.

Monthly Access Fee	\$34.99 (99716)
Domestic Data Allowance*	Unlimited
Overage Rate per KB	NA

NOTE: Subject to the Mobile Broadband terms and conditions; additional terms and conditions apply to Unlimited, Megabyte (MB), and Smartphone data Plans. Throughput speeds on the Custom Flat Rate Mobile Broadband will be limited up to 600kbps throughout the duration of each billing cycle while on the Verizon Wireless 4G network only. Data speeds are not guaranteed while on Extended or roaming partner networks. Devices utilized in conjunction with the Custom Flat Rate Mobile Broadband plan are limited to mobile (non-stationary) applications. Dedicated internet connections on stationary router devices and streaming video on stationary video surveillance cameras are expressly prohibited on this rate plan.

Custom Mobile Broadband Plan II – Government

Government Subscribers Only

This plan is not eligible for monthly access fee discounts.

Monthly Access Fee	\$44.99 (99717)
Domestic Data Allowance	Unlimited
Overage Rate Per KB	NA

NOTE: Subject to the Mobile Broadband terms and conditions; additional terms and conditions apply to Unlimited, Megabyte (MB), and Smartphone data Plans. Verizon Wireless will limit throughput of data speeds should 30GB of data be used within a given bill cycle. Devices utilized in conjunction with the Custom Mobile Broadband Plan II are limited to mobile (non-stationary) applications. Data speeds are not guaranteed while on Extended or roaming partner networks. Dedicated internet connections on stationary router devices and streaming video on stationary video surveillance cameras are expressly prohibited on this rate plan.

Mobile Broadband Machine to Machine (M2M) Share Group 1 Plans - Low Usage (Account Share)

The data plans below reflect the monthly access fee discount. No additional discounts apply.

Mobile Broadband Machine-to-Machine Plans	1 Megabyte	5 Megabytes	25 Megabytes	50 Megabytes	150 Megabytes
Domestic Shared Data Allowance Per Month	1 MB (87640)	5 MB (87641)	25 MB (87642)	50 MB (87643)	150MB (87644)
Monthly Access Fee	\$5.00	\$7.00	\$10.00	\$15.00	\$18.00
Overage Rate Per Megabyte	\$1.00				

Mobile Broadband Machine to Machine (M2M) Share Group 2 Plans - High Usage (Account Share)

The data plans below reflect the monthly access fee discount. No additional discounts apply.

Mobile Broadband Machine-to-Machine Plans	250 Megabytes	1 Gigabyte	5 Gigabytes	10 Gigabytes
Domestic Data Allowance Per Month	250 MB (87645)	1 GB (87646)	5 GB (87647)	10 GB (87648)
Monthly Access Fee	\$20.00	\$25.00	\$50.00	\$80.00
Monthly Access Fee less discount	\$20.00	\$25.00	\$38.50	\$61.60
Overage Rate Per Megabyte	\$0.015			

Note: Machine to Machine coverage included the Verizon Wireless 4G, 3G and 3G Extended networks. See attached Calling Plan and Feature Details for important information about calling plans, features and options. Government Subscribers may supply their own authenticated Equipment (CPE) approved by Verizon Wireless to be activated on these plans. Netbook, Smartphone, and Tablet devices are not eligible for Mobile Broadband M2M pricing. 4G service requires 4G Telemetry equipment and 4G coverage. All terms and conditions of the Agreement apply to M2M service and M2M Lines as a Wireless Service. Customer may select either the Account Share or Multi-Account Share option on the Mobile broadband Machine-to-Machine (M2M) Share Plans.

Public Sector Mobile Broadband Machine to Machine (M2M) Share Plans: Government Subscribers Only

The calling plans below reflect the monthly access fee discount. No additional discounts apply.

Public Sector Mobile Broadband	5 Gigabytes	10 Gigabytes	20 Gigabytes
Monthly Access Fee	\$39.99 (90233)	\$59.99 (90234)	\$99.99 (90235)
Shared Domestic Data Allowance	5GB	10GB	20GB
Overage Per Gigabyte	\$8.00 Per Gigabyte		

Note: This plan is available for domestic data only devices, on the Verizon Wireless network only. **Data Sharing:** At the end of each bill cycle, any unused data allowances for lines sharing on the same account will be applied to the overages of the other lines on the same account beginning with the line with the lowest overage need. Plan changes may not take effect until the billing cycle following the change request. Current National Access and Mobile Broadband coverage details can be found at www.verizonwireless.com. New activations on these service plans require 4G LTE devices. Netbook, Smartphone, and Tablet devices are not eligible for Mobile Broadband M2M pricing. Existing customers transitioning to one of these service plans are able to utilize existing 3G devices. The 5GB, 10GB, and 20GB Public Sector Mobile Broadband Machine to Machine Plans are able to share with each other.

3G/4G Mobile Broadband Machine-to-Machine (M2M) Wireless Backup Router Plan: Government Subscribers Only

The data plan below reflect the monthly access fee discount. No additional discounts apply.

3G/4G M2M Wireless Backup Router Plan	
Monthly Access Fee (non-pooled)	\$10.00 (868473G/868484G)
Domestic Data Allowance Per Month	25 MB
Share Option	N/A
Domestic Overage Rate Per GB	\$10.00 per GB
Domestic Voice Rate Per Minute	\$0.25 per minute (Device Dependent)
Text Messaging Per Message	\$0.20 per message sent or received (Device Dependent)
International Roaming	N/A. Verizon Wireless network only.

Notes: Current coverage details can be found at www.verizonwireless.com. See the attached M2M Data Plan and Feature Details as well as Calling Plan and Feature Details in your Agreement for important information about calling plans, features and options. During an outage of the primary connection, all usage within the billing cycle in excess of the 25 MB allowance will be charged at the overage rate of \$10.00 per GB. Text messaging feature packages may be added to this plan. The Wireless Router Plan is approved for use as a backup solution for business continuity only and is not to be used for primary connectivity. Verizon Wireless reserves the right to move Customer to the standard commercial 5 GB M2M price plan should usage on the lines provisioned on the M2M Wireless Backup Router Plan exceed 1 GB for three (3) consecutive months. M2M Wireless Backup Router Plan may be used with Private Network. M2M router devices must be approved for use on Verizon Wireless' network; no other device types may be activated on this plan. Not eligible for Verizon Wireless Government Equipment Matrix pricing.

Data Packages for Feature Phones and Smartphones

The Data Packages are eligible for monthly access fee discounts and promotions, when available¹

Monthly Access Per Line when added to an eligible voice plan	Data Allowance	Rate After Allowance	Optional Business Email Feature Compatible with server based email solutions
N/A	-0-	\$1.99 per MB	N/A
\$10.00 (77810)	75 MB	\$10.00 per each additional 75 MB of usage	N/A
\$12.00 ¹ (Basic Devices Only)	300 MB	\$15.00 per each additional GB of usage	N/A
\$30.00 \$23.10 ^{2,3} (Smartphone 76375) (Basic 76381)	2 GB ²	\$10.00 per each additional GB of usage	\$15.00

Notes: Current coverage details can be found at www.verizonwireless.com. See attached Calling Plan and Feature Details for important information about calling plans, features and options.. ¹The \$12.00/300MB data package for Basic Devices can be added to a voice only price plan with a monthly access fee of \$15.99 or higher, this feature cannot be activated on a Smartphone Device. ²The \$30.00/2GB data package is eligible for a monthly access fee discounts when combined with select Business calling plans ³Smartphone Subscribers require a data package with a minimum allowance of 2GB. Personal Email Feature is included with all data packages contained herein.

ADDITIONAL WIRELESS SERVICES

One Talk Solution: Government Subscribers Only

The plans/features below reflect any applicable discount. No additional discounts apply.

One Talk is a business telephone system that combines landline and mobile phone capabilities into a fully integrated mobile and office solution providing a **single telephone number ("Mobile Data Number/MDN")** with the same mobile and landline features.

One Talk Solution: Desk Phone/Mobile Client

Price Plan Type	Line Level Plans (e.g. Flexible Business Plans)	Account Level Plans (e.g. Verizon Plans, More Everything)
One Talk Primary MDN	Monthly Access	Monthly Access
One Talk Price Plan (100 MB Data)	\$10.00 (96029)	N/A
One Talk Feature	\$15.00 (83121)	\$15.00
One Talk Line Access Charge	N/A	\$10.00

One Talk Solution: Auto Receptionist (AR) /Hunt Group (HG)

Each One Talk solution **includes one (1) Auto Receptionist and one (1) Hunt Group** at no cost per Customer.

Price Plan Type	Line Level Plans (e.g. Flexible Business Plans)	Account Level Plans (e.g. Verizon Plans, More Everything)
One Talk Primary MDN	Monthly Access	Monthly Access
One Talk AR/HG Price Plan (100 MB Data)	\$10.00 (96030)	\$0.00
One Talk AR/HG Feature	\$10.00 (AR – 83521) (HG – 83520)	\$10.00
One Talk AR/HG Line Access Charge	N/A	\$10.00

Additional Devices

A maximum of up to seven (7) devices can share one (1) MDN as follows: Up to 2 desk phones and up to 5 mobile clients; limit one (1) MDN per Government Subscriber line.

Primary One Talk MDN Device	Desk Phone ¹	Mobile Client ² (Includes Smartphones and Tablets)	Auto Receptionist/ Hunt Group
Additional devices per MDN: Monthly Access	\$0.00 for additional devices (excluding Smartphone devices with One Talk Dialer client)	\$0.00 for additional devices (excluding Smartphone devices with One Talk Dialer client)	N/A

Once a number is provisioned into an Auto Receptionist or Hunt Group, the phone number cannot be moved to a different One Talk device (i.e. desk phone or Smartphone).

Notes: One Talk service is applied to the Verizon Wireless MDN and is available on all of the user's devices. One Talk **is not** compatible with Fax machines, credit card POS solutions, or Security Systems. 4G LTE Coverage: Similar to Advanced Calling, One Talk calls drop if either party leaves Verizon 4G LTE coverage. When outside of the 4G LTE coverage area and without 3G or WiFi service, the device operates as a standard device (1X calling) with standard voice and SMS messaging capabilities with no One Talk features available to the user. Mobile client is the One Talk client. ¹One (1) additional Desk Phone can be added as an additional device per MDN. ²Mobile Client eligible devices (includes devices from other carriers); Smartphones (without One Talk Dialer client), wireless and WiFi tablets; limit five (5) total per MDN (including primary device). Not currently available for Smartphone devices with One Talk Dialer client. Installing the One Talk Mobile client consumes an estimated 15MB of data. For additional information regarding One Talk please visit: <http://www.verizonwireless.com/onetalk>

Verizon Mobile Device Management (MDM): Government Subscribers Only

Verizon MDM is not eligible for the monthly access charge discount. No additional discounts apply.

Verizon MDM Feature	Access Fee
Enterprise Firmware Over the Air (FOTA) Management	\$0.00
Device Diagnostics	\$0.99/device per month
Broadband Hotspot Management	\$1.49/device per month
Verizon Software Management	\$0.10/device per month OR Event-based pricing of \$6 per device per update

Notes: See attached Calling Plan and Feature Details for important information about calling plans, features and options. MDM supports select devices and operating systems and may require installation of a software agent. MDM features are billed separately; however, all supported options will appear and cannot be blocked.

MobileIron Enterprise Mobility Management License Fees Cloud

(Minimum 25+ MI Cloud Licenses Required for initial order/installation)

A discount has been applied. MobileIron Licenses and Installation services are not eligible for any further discounts.

Cloud License

Annual Subscription License Bundle per Device with Direct Support				Annual Subscription License Bundle per User with Direct Support (3 Devices per User)

PROFESSIONAL SERVICES

Cloud Installation¹

Support and Maintenance Included

License Type	SKU	One-time Cost ²
Silver	MICloud Silver Installation MI-PS-DEPLOY1-MICLOUD	\$1,500.00 (577918)
Gold	MICloud Gold Installation MI-PS-DEPLOY2-MICLOUD	\$3,000.00 (581679)
Platinum	MICloud Platinum Installation MI-PS-DEPLOY3-MICLOUD	\$4,000.00 (581680)

Note. Customer must choose one License Type; selection cannot be mixed and/or matched. ¹A minimum of 25 MobileIron licenses are required for initial Cloud order for new MobileIron customers. ²MICloud requires integration and setup with backend systems. Installation charges are prepackaged services providing access to a Professional Services Engineer to assist customer in installing/integrating the MobileIron platform. Pricing above applies to the installation of up to 5,000 MobileIron licenses. If Customer installation requires more than 5,000 MobileIron licenses, MobileIron Premium Implementation Services may apply which provides advisory services and an implementation engineer at a cost of \$25,000.00 to manage large scale deployments; alternatively, Customer may use its own installation services.

MobileIron Enterprise Mobility Management: Government Subscribers On-Premise and Cloud Managed Service Features

All features are available on both On-premise and Cloud managed installations. Included features are determined by MobileIron License Type

TRAINING-FULL	Full Day Installation Training	\$300.00	

Verizon Wireless Plan and Feature Details

Plans and Associated Charges: Billing, shipping and end-user address must be within an area where Verizon Wireless is licensed and provides service. Charges for calls will be based on the cell sites used, which may be outside the calling plan coverage area even when the subscriber is physically within the coverage area. Time of the call is based on the telephone switching office that carries the call, which may be different from the time of day shown on subscriber's phone. Unused monthly minutes and/or Megabytes are lost. On outgoing calls, charges start when subscriber presses **SEND** or the call connects to a network, and on incoming calls, when the call connects to a network (which may be before it rings). A call may end several seconds after subscriber presses **END** or the call disconnects. Calls made on the Verizon Wireless network are only billed if they connect (which includes calls answered by machines). Billing for airtime and related charges may sometimes be delayed. Calls to "911" and certain other emergency services are toll-free and airtime-free. Airtime may be charged when dialing toll-free numbers. **Anytime Minutes:** Anytime Minutes apply when making or receiving calls from a calling plan's rate and coverage area. Coverage information is available at www.verizonwireless.com. Airtime is rounded up to the next full minute. Allowance minutes/Megabytes are not transferable except as may be available on plans with sharing. In order to gain access to coverage in newly expanding markets, subscribers must periodically dial *228 to update roaming information from voice or Smartphone devices; from the VZAccess Manager, go into "Options" and click "Activation," while in the National Enhanced Services Rate and Coverage Area every three months. This may alter the rate and coverage area. Automatic roaming may not be available in all areas and rates may vary. Roaming charges may be delayed to a later bill.

Long Distance: Unlimited domestic long distance is included when calling from the plan's rate and coverage area, unless otherwise specified in the plan.

Unlimited Messaging: Unlimited Messaging is included with select plans and is available in the National Enhanced Services rate and coverage area in the United States. Messaging applies when sending and receiving (i) text, picture and video messages to and from Verizon Wireless and Non-Verizon Wireless customers in the United States, (ii) Text, picture, and video messages sent via email, (iii) Instant messages, and (iv) Text messages with customers of wireless carriers in Canada, Mexico, Puerto Rico, and the U.S. Virgin Islands. Messaging is subject to Text, Picture, and Video Messaging Terms and conditions. Premium messages are not included. **Friends & Family for Business:** Calls directed to and received from an account's listed Friends & Family numbers shall not use Monthly Anytime Voice Minutes. For Nationwide for Business plans with 900 minutes or more or 450 minute plan with the share option can add up to ten (10) Friends & Family numbers. Only calls from Nationwide Coverage Area to designated domestic landline or wireless numbers (excluding Directory Assistance, 900 numbers, or customer's own wireless or Voicemail access numbers) may be added; all qualifying lines on an account share the same Friends & Family numbers, up to account's eligibility limits; My Verizon, My Business Account or Verizon Enterprise Center is required to set up and manage Friends & Family numbers.

Mobile to Mobile Calling: Mobile to Mobile Calling minutes apply when making calls directly to or receiving calls directly from another Verizon Wireless subscriber while in the Nationwide Rate and Coverage area. Mobile to Mobile calls must originate and terminate while both Verizon Wireless subscribers are within the Mobile to Mobile Calling area. Mobile to Mobile Calling is not available (i) with fixed wireless devices with usage substantially from a single cell site, (ii) for data usage including Push to Talk Plus calls, Picture or Video Messaging (iii) if Call Forwarding or No Answer/Busy Transfer features are activated, (iv) for calls to Verizon Wireless customers using any of the International services, (v) for calls to check Voice Mail, (vi) in those areas of Louisiana and Mississippi where the users roaming indicator flashes, (vii) in Canada and Mexico and (viii) to users whose current wireless exchange restricts the delivery of Caller ID And (viii) for incoming calls if Caller ID is not present or Caller ID Block is initiated. Mobile to Mobile Calling minutes will be applied before Anytime Minutes.

Night and Weekend Minutes: Apply to calls made in a calling plan's rate and coverage area only during the following hours: 12:00 am Saturday through 11:59 pm Sunday and 9:01 pm to 5:59 am Monday through Friday. If both Night and Weekend and Mobile to Mobile Calling minute allowances apply to a given call, Mobile to Mobile Calling minutes will apply before Night and Weekend minutes. However, if either allowance is unlimited, the unlimited allowance will always apply first.

Nationwide for Business Share Option: The Share Option is available to businesses with a minimum of five (5) Nationwide for Business lines on the same account with the share option. The Monthly Anytime Minutes of all lines on an account will be aggregated, and then allocated first to the line with the highest anytime minute usage, and then to the line with the next highest usage.

Push to Talk Plus: Push to Talk Plus (PTT+) capable Equipment required. Push to Talk Plus capable Equipment can only be used with a Push to Talk Plus calling plan. **Subscribers switching from a Push to Talk Plus Calling Plan to another calling plan may not be able to use certain Push to Talk Plus capable Equipment with the new plan.** Push to Talk Plus calls may only be made with other Verizon Wireless Push to Talk Plus subscribers. Push to Talk Plus Subscribers may initiate or participate on a call, simultaneously, with as many as 250 total participants (total is limited to (50) if interoperating between 3G and 4G participants). Administrators can be designated to manage the Push to Talk contact lists via a single website interface with a single user name/password. Existing Push to Talk Subscriber Equipment may require a software upgrade to use Push to Talk Plus or replacement with a Push to Talk Plus capable device. Push to Talk Plus is only available within the National Enhanced Services Rate and Coverage Area and WiFi access points. There will be a delay from the time a Push to Talk Plus call is initiated until the Push to Talk Plus call is first received by the called party. If an incoming voice call is received while on a Push to Talk Plus call the voice call may be answered and the Push to Talk Plus placed on hold. If an incoming Push to Talk Plus call is received while on a Push to Talk Plus call the PTT call icon can be selected to connect to the Push to Talk Plus call. If the incoming voice or Push to Talk Plus call is not answered a missed call alert will display. Network registration information will be sent to the Equipment each time it is powered on in the National Enhanced Services Rate and Coverage Area, each time the Subscriber travels into the National Enhanced Services Rate and Coverage Area, and every 12 hours if the Subscriber stays within the National Enhanced Services Rate and Coverage Area. While the updated network registration information is being sent to the Equipment, incoming voice calls will go directly to voice mail. Contact list cannot be modified from certain Equipment. Subscriber cannot prevent others who have the Subscriber's MTN from entering the MTN into their Push to Talk contact list. Only one person can speak at a time during a Push to Talk Plus call. In-Call Talker Override (Talker Priority) allows a pre-determined user priority to take the floor to communicate urgent message over participant. Push to Talk Plus services cannot be used for (i) access to the Internet, intranets or other data networks, except as the device's native applications & capabilities permit, (ii) any applications that tether Equipment to laptops, personal computers or other devices for any purpose. Please visit our website www.verizonwireless.com for additional Push to Talk Plus information.

International Long Distance: You need International Eligibility to make international calls to most countries, but you can make calls to some North American destinations without it. Additional surcharges may apply when calling certain countries; see verizonwireless.com/International for details.

Verizon Wireless International Long Distance Value Plan: International Eligibility required to call most countries. Value Plan feature is not available on all Plans. Rates are subject to change without notice. Standard International Long Distance rates apply in addition to airtime charges per your Plan on calls made from the Verizon Wireless network. Rates and service availability may vary when your phone's banner displays "Extended Network." Value Plan rates apply only on calls to Value Plan Countries made from your Plan's Rate and Coverage Area. If a subscriber's Plan's Rate and Coverage Area includes calls to any Value Plan country, those calls will be billed per the Plan. Except when roaming on another carrier's network, in which case that carrier's rates, taxes and surcharges apply. For Value Plan subscribers, calls made from the Verizon Wireless network to countries not included in the Value Plan will be billed at standard International Long Distance rates. Additional surcharges may apply when calling certain destinations, see www.verizonwireless.com/international for details.

International Roaming: Some services, such as premium text messaging, directory assistance, entertainment lines and third-party services, may be available, and charges for these services will be billed (along with applicable toll charges) in addition to roaming rates. Message-waiting-indicator service is not available where Text Messaging is not available. When using International Phone, or International Data services, or if you subscribe to a Nationwide Plus Canada or Nationwide Plus Mexico Plan, and you're roaming near country borders, calls may be carried by a cell site located in a neighboring country and billed at that country's

Verizon Wireless Plan and Feature Details

rates. Verizon Wireless will terminate your service for good cause if less than half of your voice or data usage over three consecutive billing cycles is on the Verizon Wireless National Enhanced Services Rate and Coverage Area. See verizonwireless.com/International for rates and destinations, which are subject to change without notice. International Eligibility required for GSM roaming, and for roaming in many destinations. Rates, terms and conditions apply only when roaming on participating GSM networks in published destinations. Availability of service, calling features, and Text messaging varies by country and network and may be restricted without notice. You must add International Eligibility to your account to roam in many destinations. Visit verizonwireless.com/narooming. By using Equipment outside the United States, subscriber is solely responsible for complying with all applicable foreign laws, rules and regulations ("Foreign Laws"), including Foreign Laws regarding use of wireless phones while driving and use of wireless camera phones. Verizon Wireless is not liable for any damages that may result from subscriber's failure to comply with Foreign Laws.

Roaming in GSM countries: GSM International Phone, activated in the United States with compatible subscriber Identity Module (SIM) card required. Rates, terms and conditions apply only when roaming on participating GSM networks in published International Phone countries. Service may be available in additional countries, but airtime rates, availability of calling features, and ability to receive incoming calls (including return calls from emergency services personnel) may be restricted. See www.verizonwireless.com for coverage and airtime rates. Service in certain countries may be blocked without prior notice. Where Text messaging is available, Customer will be charged \$0.50 for each message sent and \$0.05 for each message received. Text messaging rates are subject to change. Text messages may be sent only to MTNs of (i) Verizon Wireless customers, and (ii) customers of foreign wireless carriers that participate in international text messaging. Check www.vtext.com for the most current list of participating foreign carriers.

Data Services: Verizon Wireless charges you for all data and content sent or received using our network (including any network overhead and/or Internet Protocol overhead associated with content sent or received), as well as resolution of Internet Protocol addresses from domain names. Sending or receiving data using a virtual private network (VPN) involves additional VPN overhead for which you will be charged. Please note that certain applications or widgets periodically send and receive data in the background, without any action by the user, and you will be billed for such data use. Applications may automatically re-initiate data sessions without you pressing or clicking the **SEND** or connect button. Data sessions automatically terminate after 24 hours. A data session is inactive when no data is being transferred. Data sessions may seem inactive while data is actively being transferred, or may seem active when the data is actually cached and data is not being transferred. If you have a Data Only plan and use voice service, domestic voice calls will be billed at \$0.25/minute.

Verizon Wireless is implementing optimization and transcoding technologies in our network to transmit data files in a more efficient manner to allow available network capacity to benefit the greatest number of users. These techniques include caching less data, using less capacity, and sizing the video more appropriately for the device. The optimization process is agnostic to the content itself and to the website that provides it. While Verizon Wireless invests much effort to avoid changing text, image, and video files in the compression process, and while any change to the file is likely to be indiscernible, the optimization process may minimally impact the appearance of the file as displayed on your device. For a further, more detailed explanation of these techniques, please visit verizonwireless.com/vzwoptimization.

Verizon Wireless strives to provide customers with the best experience when using our network, a shared resource among tens of millions of customers. To further this objective, Verizon Wireless has implemented Network Optimization Practices designed to ensure that the overwhelming majority of data customers aren't negatively impacted by the inordinate data consumption of a few users. The reduction can last for the remainder of the current bill cycle and the immediately following bill cycle to ensure high quality network performance for other users at locations and times of peak demand. For a further more detailed explanation of these techniques please visit www.verizonwireless.com/networkoptimization. Data transfer amounts will vary based on application. If you download an audio or video file, the file may be downloaded in sections or in its entirety; data charges will apply to the portion downloaded, regardless of whether you listen to or watch all of it. You may access and monitor your own data usage during a particular

billing period, including during the Return Period, by accessing My Verizon online or by contacting Customer Service.

Data Services: Permitted Uses: You can use Verizon Wireless Data Services for accessing the Internet and for such uses as: (i) Internet browsing; (ii) email; (iii) intranet access (including accessing corporate intranets, email and individual productivity applications made available by your company); (iv) uploading, downloading and streaming of audio, video and games; and (v) Voice over Internet Protocol (VoIP).

Data Services: Prohibited Uses. You may not use our Data Services for illegal purposes or purposes that infringe upon others' intellectual property rights, or in a manner that interferes with other users' service, that violates trade and economic sanctions and prohibitions as promulgated by the Departments of Commerce, Treasury or any other U.S. government agency, that interferes with network's ability to fairly allocate capacity among users, or that otherwise degrades service quality for other users. Examples of prohibited usage include: (i) server devices or host computer applications that are broadcast to multiple servers or recipients such that they could enable "bots" or similar routines (as set forth in more detail (ii) below) or otherwise denigrate network capacity or functionality; (ii) "auto-responders," "cancel-bots," or similar automated or manual routines that generate amounts of net traffic that could disrupt net user groups or e-mail use by others; (iii) generating "spam" or unsolicited commercial or bulk e-mail (or activities that facilitate the dissemination of such e-mail); (iv) any activity that adversely affects the ability of other users or systems to use either Verizon Wireless' services or the Internet-based resources of others, including the generation of dissemination of viruses, malware, or "denial of service" attacks; (v) accessing or attempting to access without authority, the information, accounts or devices of others, or to penetrate, or attempt to penetrate Verizon Wireless' or another entity's network or systems; or (vi) running software or other devices that maintain continuous active Internet connections when a computer's connection would otherwise be idle or "any keep alive" functions, unless they adhere to Verizon Wireless' requirements for such usage, which may be changed from time to time.

Verizon Wireless further reserves the right to take measures to protect our network and other users from harm, compromised capacity or degradation in performance. These measures may impact your service, and Verizon Wireless reserves the right to deny, modify or terminate service, with or without notice, to anyone Verizon Wireless believes is using Data Services in a manner that adversely impacts the Verizon Wireless network. **Verizon Wireless may monitor your compliance, or other subscribers' compliance, with these terms and conditions, but Verizon Wireless will not monitor the content of the communications except as otherwise expressly permitted or required by law. [See verizonwireless.com/privacy]**

Unlimited Data Plans and Features (such as NationalAccess, BroadbandAccess, Push to Talk Plus, and certain VZEmail services) may ONLY be used with wireless devices for the following purposes: (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation). The Unlimited Data Plans and Features MAY NOT be used for any other purpose. Examples of prohibited uses include, without limitation, the following: (i) continuous uploading, downloading or streaming of audio or video programming or games; (ii) server devices or host computer applications, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, automated machine-to-machine connections or peer-to-peer (P2P) file sharing; or (iii) as a substitute or backup for private lines or dedicated data connections. This means, by way of example only, that checking email, surfing the Internet, downloading legally acquired songs, and/or visiting corporate intranets is permitted, but downloading movies using P2P file sharing services and/or redirecting television signals for viewing on laptops is prohibited.

For individual use only and not for resale. We will protect our network from harm, which may impact legitimate data flows. We will limit throughput or amount of data transferred exceeding 5 GB in a given month, and reserve the right to deny or terminate service, without notice, to anyone we believe is using an Unlimited Data Plan or Feature in any manner prohibited above or whose usage adversely impacts our network or service levels. Anyone using more than 5 GB per line in a given month is presumed to be using the service in a manner prohibited above,

Verizon Wireless Plan and Feature Details

and we reserve the right to immediately terminate the service of any such person without notice. We also reserve the right to terminate service upon notification to the customer.

Unlimited VZAccess and VZEmail: NationalAccess, BroadbandAccess, and InternationalAccess data sessions may be used for the following purposes: (i) Internet browsing, (ii) e-mail, and (iii) intranet access (including access to corporate intranets, e-mail and individual productivity applications like customer relationship management, sales force and field service automation). Unlimited VZAccess, VZEmail and Push to Talk Plus services cannot be used (i) for uploading, downloading or streaming of movies, music or games, (ii) with server devices or with host computer applications, other than applications required for BlackBerry or Wireless Sync service, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, Voice over IP (VoIP), automated machine-to-machine connections, or peer-to-peer (P2P) file sharing, or (iii) as a substitute or backup for private lines or dedicated data connections. Additionally, Unlimited VZEmail services cannot be used for, (i) access to the Internet, intranets or other data networks, except as the Equipment's native applications and capabilities permit, or (ii) for any applications that tether Equipment to laptops or personal computers other than for use of the Wireless Sync or BlackBerry Solutions. Unlimited BroadbandAccess and NationalAccess data sessions automatically terminate after 2 hours of inactivity, unless Subscriber has Mobile IP (MIP) capable Equipment

Data Roaming: In the Canadian Broadband and Canadian Enhanced Services Rate and Coverage Areas, usage will be charged at a rate of \$0.002/KB or \$2.05/MB. In the Mexican Enhanced Services Rate and Coverage Area, usage will

be charged at a rate of \$0.005/KB or \$5.12/MB. In other available countries, usage will be billed at a rate of \$0.02/KB or \$20.48/MB. International Eligibility is needed to roam in many destinations. Current coverage details, and list of Other Available Countries can be found at www.verizonwireless.com/International.

International Data Optional Features: International PC Card required for international use. International PC Cards will not work in the United States or Canada and International Data Optional Features subscribers will need a NationalAccess or Mobile Broadband PC card for domestic use. The domestic and International PC Cards cannot be used at the same time. Prior to leaving the United States, subscribers must install International Data Optional Features VZAccess ManagerSM and run the OTA wizard. International Data Optional Features subscribers must activate and update their Preferred Roaming lists while in the National Enhanced Services Rate and Coverage Area every three months. Verizon Wireless reserves the right to terminate the service of any subscriber whose total usage is less than half on the Verizon Wireless National Enhanced Services Rate and Coverage Area over three consecutive billing cycles.

International Email SIM Cards: SIM Cards are available for use with your International PC Card, International Smartphone, or International Phone. Verizon Wireless is not responsible for any unauthorized use of subscriber's SIM Cards and subscriber must safeguard security codes. Placing your InternationalEmail SIM in any other non BlackBerry or Smartphone device could result in additional charges or termination of service. Upon termination of service, subscriber must destroy SIM Card.

M2M Data Plan Terms and Conditions

A data session is inactive when no data is being transferred, and may seem inactive while data is actively being transferred to a device, or seem active when actually cached and not transferring data. Customer must maintain virus protection when accessing the service and is responsible for all data sent and received including "overhead" (data that is in addition to user-transmitted data, including control, operational and routing instructions, error-checking characters as well as retransmissions of user-data messages that are received in error) whether or not such data is actually received. Verizon Wireless will not be liable for problems receiving Service that result from Customer's device.

Megabyte (MB) Data Plans: M2M data usage is rounded to next full kilobyte at end of each billing cycle. Any unused portion of the megabyte allowance is lost. Equipment will not indicate kilobyte usage.

Data Roaming: In the Canadian Broadband and Canadian Enhanced Services Rate and Coverage Areas, usage will be charged at a rate of \$0.002/KB or \$2.05/MB. In the Mexican Enhanced Services Rate and Coverage Area, usage will be charged at a rate of \$0.005/KB or \$5.12/MB. For more information on roaming in Canada and Mexico, visit verizonwireless.com/narooming. In the Bermuda, China, Dominican Republic, Guam, India, Israel, Saipan and South Korea Enhanced Services Rate and Coverage Areas, usage will be billed at a rate of \$0.02/KB or \$20.48/MB. I-Dial is needed to roam in many destinations. Only the Canadian Broadband Rate and Coverage Area supports EV-DO.

M2M Data Plan Share Options

Share Options: Sharing is available only among Government Subscribers on applicable M2M Low Usage and High Usage calling plans.

Account Share: Customer may activate up to 15 share groups per account. Sharing is available only among M2M Lines on the Mobile Broadband M2M Account Share Plans **on the same billing account, in the same usage group** (Low Usage and High Usage plans cannot share with each other). Unused KBs will be distributed to M2M Lines with an overage on an as needed basis to M2M Lines **on the same billing account** that have exceeded their MB allowance during the same monthly billing period. At the end of each bill cycle any unused KBs allowances will be applied to the overages of the other M2M Lines on the same account beginning with the line with the lowest overage need until depleted. Customers subscribing to Mobile Broadband M2M Account Share Plans will be billed on separate billing accounts and invoices from Subscribers to the Mobile Broadband M2M Profile Share Plans.

Profile (Multi-Account) Share: Customer may activate one (1) share group per profile (Low Usage and High Usage plans cannot share with each other); however, customer may have multiple bill accounts on the same profile. Sharing is available only among M2M Lines on the Mobile Broadband M2M Multi-Account Share Plans **on the same profile, in the same usage group**. Each sharing M2M Lines unused KBs will pass to other sharing M2M Lines that have exceeded their data allowance during the same monthly bill cycle. Unused KBs will be distributed proportionally as a ratio of the KBs needed by each applicable M2M Line to the total KBs needed by all sharing M2M Lines **on the same profile**. Customers subscribing to Mobile Broadband M2M Profile Share Plans will be billed on separate billing accounts and invoices from Subscribers to the Mobile Broadband M2M Account Share Plans.

Note: ¹A profile is defined as a Customer's overarching account of record under which Customer may have multiple billing accounts.

Verizon Wireless Private Network Terms and Conditions

Verizon Wireless Private Network Service (“Private Network”): Private Network extends Customer’s IP network to its wireless equipment by segregating the data between such devices and Customer’s servers from the public Internet (the “Internet”). Customer’s use of Private Network is subject to the Private Network Roles and Responsibilities Customer Guidelines, which are available from your Sales representative.

Customer Minimum Line Requirement: Customer must maintain a minimum of 100 Machine-to-Machine lines at all times during the term of its Agreement in order to remain eligible for Private Network. If Customer falls below the 100-line minimum, Verizon Wireless reserves the right to discontinue Private Network for non-use.

Connection to Verizon Wireless Facility: Customer must establish a direct-connect circuit from its facilities to Verizon Wireless’s facilities by the use of Virtual Private Network, Verizon Private IP, or Fixed End System connections. Customer is solely responsible for making arrangements with a local access provider for installation and ongoing maintenance of such a connection, with sufficient data throughput to meet Customer’s anticipated data needs. Customer is also responsible for all charges incurred directly or through a third party associated with establishing the connection, as well as for accessing Private Network, including Internet access fees, hardware, software, license fees, and telecommunications charges.

Customer Provided Equipment (“CPE”): Customer must procure routers and any other CPE that meet Verizon Wireless requirements for Private Network connectivity. Customer is responsible for ensuring any CPE meets its data capacity and throughput needs.

IP Addresses: Customer is responsible for procuring private IP addresses, which must be communicated to Verizon Wireless during implementation. Private Network supports static and dynamic addressing for 1X service and/or EVDO service; 4G LTE service; and Internet addressing system Internet Protocol version 4. Direct Internet access requires static IP addressing.

Dynamic Mobile Network Routing (“DMNR”): DMNR allows configuration of Private Network for dynamic routing to the subnets it serves (up to eight) to other devices on Customer’s network and as support for mobile or stationary routers. DMNR is based off Mobile IPv4-based Network Mobility protocol and requires the router to be configured to support this capability. Customer is responsible for any charges associated with the customization of its CPE to support DMNR.

Verizon Wireless Private Network Traffic Management

Private Network Traffic Management (PNTM): PNTM allows Customer to configure its Private Network to allow differentiated Quality of Service (QoS) by application over Verizon Wireless’s LTE network using standards-based IP packet marking. Customer can identify applications on its 4G LTE devices to get priority QoS over its Private Network. Verizon Wireless makes no guarantee of PNTM bandwidth allocations, which are subject to the limitations of wireless service availability as detailed in the Agreement. Customer is responsible for any charges associated with the customization of its CPE to support PNTM.

PNTM for Public Safety: Eligible public safety accounts can take advantage of priority access to a data channel over the Wireless Service for its data traffic during times of heavy network demand. While PNTM for Public Safety enables a dedicated data channel, Verizon Wireless makes no guarantee of Wireless Service availability, which is subject to the limitations of wireless service availability as detailed in the Agreement. PNTM for Public Safety is only available to Customers approved by Verizon Wireless that qualify as Public Safety Entities classified by the following NAICS codes a) 621910 Ambulance Services; b) 922110 Courts; c) 22120 Police Protection; d) 922130 Legal Counsel and Prosecution; e) 922140 Correctional Institutions; f) 922150 Parole Offices and Probation Offices; g) Fire Protection; h) 922190 Other Justice, Public Order, and Safety Activities or i) National Security.

Customer Private Network Contact: Customer must designate a Private Network representative and provide contact information, including a phone number and email address. The Private Network contact will work with the Verizon Wireless solution engineer through the Private Network implementation and testing processes detailed below. The contact shall be available during business hours and any other time period that Customer utilizes Private Network for the purpose of assisting to resolve service problems and trouble shooting.

Private Network Implementation and Testing: Verizon Wireless will implement Customer’s Private Network, which requires Customer to a) provide any information (e.g., account numbers, IP address ranges, router/CPE information) necessary to complete the Private Network Connectivity Form; b) participate in a Private Network turn-up call to ensure that CPE is properly configured to support the Private Network connection; and c) participate in a Solution Validation call to confirm that Private Network is working properly from Verizon Wireless to Customer’s applications.

Wireless Devices/Network Access: Customer must use Private Network-compatible end-user Equipment and at Customer’s expense must submit any devices not identified as Private Network compatible to Verizon Wireless, for network testing and Private Network certification. Private Network functionality is available on the Verizon Wireless 3G and 4G data network, subject to the limitations defined in this Addendum. While Private Network functionality may also be available on the networks of Verizon Wireless’ domestic and international roaming partners, Verizon Wireless makes no representation of Private Network availability or reliability on such networks.

Permitted Use/Fraud: Customer shall use Private Network only for lawful purposes and shall not send or enable via the Private Network connection, by way of example, any SPAM, viruses, worms, trap doors, back doors or timers, nor shall Customer engage in any mail-bombing or spoofing via Private Network. Customer is responsible for the security of its network and end-user devices and is responsible for any unauthorized access to the Private Network. Verizon Wireless will treat any traffic over the Private Network as authorized by Customer. Verizon Wireless reserves the right but is not obligated to filter fraudulent usage. **Maintenance/Service**

Changes/Termination of Private Network Service: Verizon Wireless may limit access to Private Network in order to perform maintenance to the service and will use reasonable efforts to provide Customer with prior notice of such maintenance. With reasonable advance notice, Verizon Wireless has the right to modify and reconfigure Private Network as it deems necessary to enhance Customer’s experience or to safeguard the Verizon Wireless network. In addition, VERIZON WIRELESS CAN WITHOUT NOTICE LIMIT, SUSPEND OR CANCEL CUSTOMER’S ACCESS TO OR USE OF PRIVATE NETWORK IF CUSTOMER VIOLATES THE RESTRICTIONS OF THIS ADDENDUM OR FOR GOOD CAUSE. Good cause includes (a) breach of the terms of this Addendum or the Agreement; (b) unlawful use of Private Network; (c) using Private Network in a way that adversely affects the Verizon Wireless network or Verizon Wireless’ customers; (d) breach of an obligation of Customer to comply with any applicable federal, state and local government laws, rules and regulations, industry practices, third-party guidelines, or other applicable policies and requirements; (e) the suspension or termination by any governmental body of competent jurisdiction of Customer’s service or the institution of a requirement, ruling or regulation that conflicts with this Addendum; or (f) for operational or governmental reasons.

No Warranties: Verizon Wireless makes no warranties, express or implied, with respect to Private Network, which it provides to Customer on an “AS IS” basis “WITH ALL FAULTS” and “AS AVAILABLE.” The accuracy, timeliness, completeness, suitability, or availability of any aspect of Private Network cannot be guaranteed. THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT ARE HEREBY EXPRESSLY DISCLAIMED IN THEIR ENTIRETY. The foregoing limitations, exclusions and disclaimers shall apply to the maximum extent permitted by applicable law. Verizon Wireless makes no representation that it supports any service levels with respect to the availability, performance, capacity, uptime or any similar metrics of Private Network.

Subject to the Agreement: The terms of this Addendum supplement the Agreement. The terms of the Agreement are applicable to Customer’s use of Private Network. If there are any inconsistencies between the terms of this Addendum and the Agreement, the terms of this Addendum shall control with respect to Private Network.

Regulatory Surcharges and Fees

Verizon Wireless' pricing does not include federal, state, local or foreign fees, assessments or other charges (collectively "fees"), which must be billed based on the jurisdiction in which the subscriber's cellular number is set up and located. Fees vary by state and local areas and are subject to change without notice.

Verizon Wireless cannot provide a comprehensive list of all charges and regulatory fees required and assessed when using a wireless device because they vary greatly from one jurisdiction to another.

In addition to taxes, surcharges and fees that we are required to collect, we will also collect charges to recover or help defray costs of taxes and governmental surcharges and fees imposed on us, and costs associated with governmental regulations and mandates on our business. These charges include, among others, a Regulatory Charge and a Federal Universal Service Charge, and are described below in more detail. These charges are Verizon Wireless charges, not taxes, and are subject to change. Because these charges are not taxes, your tax exemptions, if any, will not apply to these charges.

Federal Universal Service Charge

Wireless carriers are assessed by the federal government to fund the delivery of universally-affordable telecommunications and information services under the Federal Universal Service Fund (FUSF) program.

The Federal Universal Service Charge (FUSC) collected by Verizon is a percentage of the customer's monthly bill and is used to defray the costs of the FUSF. The FUSC is collected on most items on the bill, other than data charges for wireless broadband Internet access, equipment charges and taxes. As of October 1, 2016, the basic FUSC rate is 17.4% and changes quarterly. The FUSC rate for bundled minute plans is 4.41% if the customer does not exceed the included number of minutes. The 17.4% rate applies to long distance interstate calls that exceed the customer's included bundle of minutes. Other services, such as VOIP, are charged a lower FUSC rate.

- Cellular Access for voice calling plans (only on first 79% of this item)
- Verizon Wireless Toll
- Roaming Charges
- Activation Charges
- Re-connect fees
- Landline Connect Fee
- TXT Messaging monthly service
- TXT Messaging usage
- Airtime usage for voice calls
- Mobile to Mobile feature
- Nights and Weekends feature
- Toll free feature

The quarterly percentage rate described above for the FUSC is applied in our billing system.

Verizon Wireless also imposes state universal service charges. These charges vary by jurisdiction and are subject to change depending on changes in the state universal service impositions on Verizon Wireless.

Regulatory Charge

The Regulatory Charge is an assessment that helps defray our ongoing costs of complying with various governmental mandates and assessments. Examples include:

- The cost of the license fees assessed by the FCC.
- Costs assessed by the FCC to administer local number portability requirements.

This charge is subject to change over time upon notice and is taxable in most jurisdictions. The Regulatory Charge is \$0.02 per line for wireless Mobile Broadband Internet access and Machine to Machine devices and \$0.21 per line for all other services.

Regulatory fees impacting the wireless industry are constantly evolving and are subject to change without notice. For more information you can visit the FCC's website at www.fcc.gov.
