Re: Master Agreement B-04-002

Wireless Service: Updating Services

Dear Ms. Bisbee:

I have received your Product Schedule Update request that sets forth the attached Wireless Services Product Schedule Update for the All Using State Agencies, Municipalities and Political Subdivisions. Given the Terms and Conditions of this agreement, the Department of Administrative Services, Procurement Services, accepts the Product Schedule Update.

Please consider the Product Schedule a part of the associated Master Agreement and file this approval with the agreement for future reference.

Best regards,

Jean Del Greco

Contract Specialist

NOTES:									
Note B		Overage billing will only be paid by the State when Sprint provides detail billing that enables the State to validate the contract rate.							
Note C		Android device plans are only allowed on Android devices ordered thru DAS/BEST/Telecom.							
Note F		Unlimited use available while on the Sprint network. Sprint's Acceptable Use Policy applies if such Wireless Data Connection Device exceeds 5GB/month of data usage, 100 MB/month of usage while Roaming on the Sprint network. See reference to Acceptable Use Policy in Description Document.							
Note G		Sprint's Acceptable Use Policy applies if a wireless Product engages in any prohibited data uses or if Sprint, in its sole discretion, determines action is necessary to protect the Sprint Networks or Sprint 4G Network from harm or degradation. Sprint wireless data Services may not be used: (a) to generate excessive amounts of Internet traffic through continuous, unattended streaming, downloading or uploading of videos or other files or to operate hosting services including, but not limited to, web, or video surveillance; (b) to maintain continuous active network connections to the Internet such as through a web camera or machine-to-machine connections that do not involve active participation by a person; (c) to disrupt email use by others using automated or manual routines, including, but not limited to, "auto-responders" or cancel bots or other similar routines; (d) to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, "junk mail", unsolicited commercial or bulk email, or fax; (e) for activities adversely affecting the ability of other people or systems to use either Sprint's Wireless Services or other parties' Internet-based resources, including, but not limited to, "denial of service" (DoS) attacks against another network host or individual user; (f) for an activity that connects any device to personal computers (including, but not limited to, laptops), or other equipment for the purpose of transmitting wireless data over the Sprint Networks or Sprint 4G Network (unless Customer is using a plan designated for such usage); (g) by a Wireless Data Connection Device in excess of: (i) the total data usage allowed by Customer's plan, (ii) 100 MB/month while Roaming in total, or (iii) a majority of kilobytes while Roaming; provided that Customer's Wireless Data Connection Devices on "unlimited" Business Plans will not be subject to the Data Services limitation but are subject to the Roaming limitations; or (h) for any other reason that, in Sprint's sole discretion, violates Sprint's policy of providing Service for individual use. See reference to Acceptable Use Policy in Description Document.							
Note H		The data Services overage charges set forth in the table above apply only to tablets compatible with the Sprint 4G LTE Network. Tablets compatible with the Sprint 4G LTE Network are not eligible for wireless device discounts, service credits or rebates, but may be eligible for certain promotions, which will be identified in the Product Schedule.							
Note I		The Data Roaming limitation is 100MB. The combined Data Roaming usage from both the device and Mobile Hotspot contributes to the Data Roaming limitation. All data usage (device and Mobile Hotspot) will count against the Sprint Mobile Hotspot Add-On Data Services limitation when the Mobile Hotspot functionality is turned on.							
Note J		Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible phone. Where the wireless high speed data network is available and a wireless high speed data-compatible phone is used, Customer Active Units will first attempt to connect to the Sprint 4G Network, then the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability. Direct Connect and Group Connect are available on select devices.							
Note K		The data allowance for Smartphone Data Plans includes any Sprint Mobile Hotspot usage for Sprint Mobile Hotspot capable devices. Sprint Mobile Hotspot usage on the Unlimited Data Plan is limited to 3GBs of usage and does not pool. A per MB or per GB overage charge applies if the Customer Lines Sprint Mobile Hotspot usage on the Unlimited Data Plan exceeds 3GBs. Roaming is limited to 100MBs or a majority of kilobytes ("KBs") for all Smartphone Data Plans. This Roaming limitation includes Sprint Mobile Hotspot usage. Roaming is not available on the Sprint 4G Network at this time.							
Note L		All pricing and available MBs and GBs are the same whether Corporate-Liable Active Units use the Sprint 4G Network (if included), the Sprint 3G Network or the Nationwide Sprint Network. Sprint 3G Network coverage is not available everywhere and requires an EVDO-compatible data device. When the Sprint 3G Network is available and Customer uses a Sprint EVDO-compatible device with a wireless high-speed data Business Plan, Active Units will first attempt to connect to the Sprint 3G Network, and then default to the Nationwide Sprint Network depending on coverage and network availability. When the Sprint 4G Network is available and Customer uses a Sprint 4G-compatible device with a Business Plan for Sprint 4G Services, Active Units will first attempt to connect to the Sprint 4G Network, and then default to the Sprint 3G Network or Nationwide Sprint Network depending on coverage and network availability. Data usage on the Sprint 4G Network requires a 4G capable device. Additional charges apply for messaging service. .							
Note M		(1) The Custom Domestic 3G/4G LTE Tablet Plan includes unlimited data usage on the Sprint 4G Network, the Sprint 3G Network and the Nationwide Sprint Network. All pricing and available MBs are the same whether Corporate-Liable Active Units use the Sprint 4G Network, the Sprint 3G Network or the Nationwide Sprint Network. Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible device. Where the wireless high speed data network is available and a wireless high speed data-compatible device is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 4G Network, then the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability. (2) Roaming is not available on the Sprint 4G Network at this time. (3) Premium Services content is not available with this Business Plan.							

VENDOR NAME: Nxtel Communications									
SERVICE NAME: Wireless Service and Equipment: Service									
Activity (Add, Delete, Change)	Date of Vendor Request	Date Approved By DAS	Item	Item Code	Description of Service/Equipment	Unit	Non- Recurring Cost	Monthly Recurring Charge	Per Unit Cost (Usage)
Note N					If Customer's data roaming usage in a given month exceeds the Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above. Customer may be liable for both overage charges if Customer's usage in a given month exceeds the Data Services limitation and the Data Roaming limitation. Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible phone. Where the wireless high speed data network is available and a wireless high speed data-compatible phone is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 4G Network, then the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability.				
Note O					Any non-recurring charge (NRC) associated with the implementation of Simple Data Link connectivity, will be credited through an Account Tetam Sales Concession for any instance where a qualified customer purchase Sprint Data Link connectivity from the contract that the State of Connecticut has with Sprint.				
Note P					Access pricing is based on specific Customer Line location and the LEC/AAV provider. Access pricing will be priced separately.				
Note Q	Added 4/18/16				Sprint Business Fusion Unlimited Talk & Text Plan Discounts: If a Billing Account Number has at least 25 Customer Lines active on Sprint Business Fusion Plans, that Billing Account Number will receive a discount off the Sprint Business Fusion Smartphone Data Plan and Feature Phone Data Plans MRCs listed above as follows: 25-99 active Customer Lines on a Billing Account Number will receive 10% off the Sprint Business Fusion Smartphone Data Plan or Feature Phone Data Plan MRC; 100+ active Customer Lines on a Billing Account Number will receive 20% ff the Sprint Business Fusion Smartphone Data Plan or Feature Phone Data Plan MRC. (1) Pooled Data Plan Discount. Customer Line will receive a \$10 monthly discount off a 3GB or greater pooled data plan for Unsubsidized tables, mobile broadband devices and routers. Discounts are applied within 2 bill cycles and discounts are not prorated. (2) No Service Discount Pricing. The Service Discount Pricing is not applicable to any Sprint Business Plans MRCs.				
Note R	Added 04/04/2017				Premium Services content is not available with this Business Plan.				
Note S	Added 04/04/2017				Once each of Customer's individual devices exceeds the plan's Data Services limitation, Sprint will throttle data speeds to 128kb for remainder of the billing cycle with no additional charges. If Customer's data usage in a given month exceeds the plan's Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above.
