Re: Request for a Product Schedule Update ("PSU") to Master Agreement B-00-015 (OBTS) and Master Agreement 07ITZ00134MA (CIDRIS) (collectively, the "Agreements")

Dear Jean,

Sierra Systems Inc. ("Sierra") requests a PSU to both Master Agreement B-00-015 (OBTS) and Master Agreement 07ITZ00134MA (CIDRIS) in which Sierra will continue to assign 3 concurrent resources to provide Application Development and Production Support Services (Design, Development, Testing and break/fix support for production) for the Agreements. The State of Connecticut CJIS (Criminal Justice Information Systems) Project Manager shall be empowered to assign priorities and work assignments to Sierra resources at anytime between the Agreements.

The monthly fee for service for the period of July 1, 2014 to June 30, 2015 is \$52,345. At the State's request, these services are being offered on a month-to-month basis while funding for the fiscal year 2015 is being finalized. The State will provide Sierra with a minimum notice of 30 days for any requests to change the terms described herein. While there is no anticipated travel, if travel is required, actual reasonable costs will be reimbursed at the State Manager's rate as provided in the Agreements.

The purpose of this PSU is to replace the PSU dated October 27, 2011 and to allow the CJIS Project Manager to assign the Sierra resources as needed to either or both of the OBTS or CIDRIS agreements for the monthly fee stated above.

The Sierra resources currently assigned to provide support are:

Shri Kanaskar (Connecticut based)
Buck Grimes (US based)
Michael Jardine (Canada based)

The resources may be changed only with the consent of the State, such consent not to be unreasonably withheld.

If you have any questions or require further clarification of this request, please contact me at 310-743-8252.
