Dear Ms. Del Greco,

As the current provider of hardware, software and services related to the Connecticut Department of Motor Vehicles driver license program (Master Agreement Number B-00-012), the CT DMV has asked MorphoTrust USA for pricing to add one restriction to the current DL/ID card solution and modify another.

Description of Goods and Services:

The CT DMV has requested the following additions/changes to the current DL/ID card:

- Add a "V" restriction with the legend "Federal Waiver Required" to all applicable card types
- Modify the existing "W" waiver legend to read "State Waiver Required"

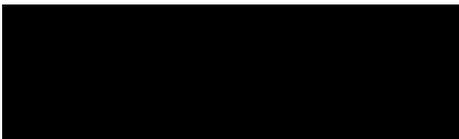

The following assumptions were made when pricing this effort:

- This quote is dependent on agreement of final specifications with the customer
- No other changes to Restrictions and Endorsements will be made as a result of this quotation.
- The terms and conditions associated with Master Agreement B-00-012 will apply to this delivery.

MorphoTrust has included a price quotation on the following page to include the professional services to perform the task as described above. We respectfully request that you approve this update to the current Product Schedule.

Thank you for your consideration. Please do not hesitate to contact me with any questions you may have.

Sincerely,

John Corson
