### Goals

1. Build and improve relationships and partnerships with family and community.

## Theory of Action

The Vernon Public Schools goals are further refined in the VPS's **Theory of Action (ToA)**:

3. If the adults involved in instruction **collaborate** around student work, instructional strategies, and assessment; develop a common vocabulary regarding instruction and a common understanding of best practice; use that collective information to inform their instruction; employ high-yield research-based instructional strategies; and, hold each other accountable for such, then student achievement will improve.
4. If teachers engage in **professional learning** based on students' instructional needs; and if that professional learning is job-embedded, cyclical, consistent, ongoing, and includes 360 degree feedback regarding implementation, then student achievement will improve.
