Re: Master Agreement #B-00-012

Dear Mr. Corson:

I have received your recent request to update the Product Schedule associated with the above noted Master Agreement. **This product schedule update provides the Secretary of State with a web service that will allow it to obtain the images of signatures in the DMV database. Quote No: FQ20130304CT01R3; total \$56,973.00.**

Given the terms and conditions of this agreement, the request to update the Product Schedule is approved. Please consider the services a part of the associated Master Agreement and retain this approval for future reference.

A copy of your Product Schedule Update request is attached to this letter. Thank you for your interest in doing business with the State of Connecticut.

Re Master Agreement B-00-012

Dear Ms. Del Greco,

The Connecticut DMV has requested MorphoTrust to provide the Secretary of State with a web service that will allow it to obtain the images of signatures in the DMV database. MorphoTrust will develop a real-time web service that will take a Driver License or Identification Card number, First Name, Last Name and a Date of Birth as input and return the latest signature as a base64 JPEG. Each request sent from the SOS will be logged for auditing purposes with above criteria as well as the Request Time.

MorphoTrust is requesting that this Web Service be added to the current Product Schedule of Master Agreement B-00-012 per the attached quotation

Please review and process this request at your earliest convenience and feel free to contact me with any questions you may have.

Sincerely,

John Corson

Quotation Reference Number:

FQ20130304CT01R3

Dear Ms. Currey,

MorphoTrust USA, Inc. ("MorphoTrust") is pleased to provide Connecticut DMV ("CT DMV") with this quotation in response to your request. A description of the goods and/or services you have requested, plus certain terms and conditions of this quotation, are provided below.

DESCRIPTION OF GOODS AND SERVICES:

CT DMV has requested that MorphoTrust provide the Secretary of State with images of the signatures. MorphoTrust will develop a real-time web service that will take a Driver License or Identification Card number, First Name, Last Name and a Date of Birth as input and return the latest signature as a base64 JPEG. Each request sent from the SOS will be logged for auditing purposes with above criteria as well as the Request Time.

ASSUMPTIONS:

- This quote is dependent on agreement of final specifications with the customer
- SOS expects to send 150-250 requests per day
- The Web Service will be hosted on an existing MorphoTrust server – low volume will not affect production system
- Communication will not be encrypted since the communication will remain on the internal CT network
- No SSL/CodeSigning certifications will be required.
